Proceedings of the Madras Government, Public Department,
22nd June 1869.

No. 129. Read the following letter from the President of the Municipal Commission, Vizagapatam, to the Chief Secretary to Government, Fort Saint George ; dated Vizagapatam, 7th June 1869, No. 208.

With reference to your Acting Under Secretary's Official Memorandum of the 27th May, No. 223, I have the honour to submit, herewith, the estimates of the probable receipts and disbursements for the year 1869-70 of the Bimlipatam Municipality, in duplicate, the originals having been transmitted in November 1868.

No. 130. ORDER THEREON, 22nd June 1869, No. 854.

The President of the Bimlipatam Municipal Commission submits *duplicates* of the estimates of the probable receipts and disbursements in that Municipality for the year 1869-70, the *originals* having been transmitted in November 1868. The President's attention will be drawn to paragraph 2 of G. O., dated the 27th April last, No. 537, wherein it was pointed out that the estimates submitted in November were intended for the information of the Public Works Department, and not for the Public Department. His attention will also be drawn to G. O., dated the 16th April last, No. 494, in which it was intimated that only *copies* of the estimates should be sent to the Public Works Department, and that the *originals* must be submitted to Government in the Public Department.

2. It appears from the estimates for the year 1869-70 that the Commissioners propose to raise by the levy of a tax on arts, trades, and professions Rupees 2200, on vehicles and animals Rupees 312, and by tolls Rupees 5400, which, with the Government contribution of Rupees 2637-5-4, places at their disposal a sum of Rupees 10,549-5-4.

3. The expenditure under the heads inserted in the margin is equal to the estimated receipts.

Total...	10,549	5	4

• Rupees 5,400.
† Rupees 7,912.

4. The Government observe with much dissatisfaction that more than two-thirds* of the Municipal income† is derived from the traffic coming into, or passing through, the town, while the rate on houses, lands, and buildings, the fees for the registration of carts, and from other

miscellaneous sources, have not been levied.

5. The details of estimates, A, do not show what new roads it is proposed to form at an outlay of Rupees 1800, nor whether the " Road Establishment, Rupees 642" under " Conservancy," has reference solely to the Conservancy Department, or for " Works" and " Repairs" as well. The President is requested to see that, in future, the details of estimates contain sufficient information to enable the Government to form an opinion of the usefulness of the works proposed to be undertaken in the Municipality, and of the necessity of the charges for establishment.

6. Considering the late date‡ at which the estimates have been submitted, the balance on the 30th April last should have been entered in Return C.

‡ 7th June 1869.

Proceedings of the Madras Government, Public Department,
22nd June 1869.

7. The Government, however, approve and sanction the estimates, and direct that the Notification regarding the taxes to be levied be published in the *Fort Saint George Gazette*.
