

Proceedings of the Madras Government, Public Department,

22nd June 1869.

Read the following papers :—

No. 135. Proceedings of the Board of Revenue, dated 17th May 1869, No. 3367. Read the following letter from J. F. PRICE, Esq., Acting Sub-Collector in charge of the Salem district, to the Acting Secretary to the Board of Revenue ; dated 23rd March 1869, No. 60.

I have the honour to enclose a copy of a letter, addressed by me to the Collector, reporting that the sum of Rupees 6610-12-0, of which Rupees 5778 has been paid, has been subscribed by the inhabitants of the Oosoor taluq towards a Vaccination Fund ; and request that the Board will be good enough to obtain the sanction of Government for the payment of the supplementary grant referred to in the Order of Government, No. 1160, dated 17th September last.

2. The Board will observe that I propose to employ three vaccinators in the Oosoor taluq, my grounds being that it is too large to be efficiently worked by one or even two, which latter is the staff employed there by the Vaccine Department during the brief period that it carries on its operations.

3. I mention this, as in the Order of Government referred to in paragraph 1 of this letter, the words “ a Vaccinator ” are used, and that it appears to me that Government might, perhaps, be indisposed to contribute towards a fund for the maintenance of three in one taluq. I trust that it may not be, as the people have come forward most liberally, and such conduct in a good cause appears to me to merit every encouragement.

4. The actual cost of purchase of Promissory Notes to yield a sum of Rupees 120 per annum is, inclusive of premium at $8\frac{1}{4}$ per cent., but exclusive of commission, Rupees 2598, which would make, as the amount to be contributed by Government for each vaccination, Rupees 649-8-0.

From J. F. PRICE, Esq., Acting Sub-Collector, to the Collector of Salem ; dated Royacottah, 12th February 1869, No. 89.

I have the honour to inform you that subscriptions to the amount of Rupees 6610-12-0 towards the Vaccination Fund of Oosoor taluq have been promised, and that a sum of Rupees 5778-4-0 has been paid, and is now in the hands of the Tahsildar.

2. The Poligars of Shulaghiri and Bericke, and I believe Bagaloor also, have each contributed 200 rupees, and many of the people in their polliems have subscribed.

3. My view is to attempt to raise a sufficient fund to allow of the entertainment of three vaccinators ; one in the Oosoor taluq proper, one in the Denken-cotta division, and one in the polliems.

4. The money now in hand is sufficient to cover the charges on account of two vaccinators.

5. I shall, therefore, feel much obliged by your being good enough to apply for the supplementary grant referred in the Proceedings of Government, Revenue Department, marginally noted ; and also

by your instructing me as to how I am to dispose of the money already received.

6. The Tahsildar deserves much credit for the interest which he has shown in this scheme.

The Board resolve to submit the foregoing letter to Government, with reference to Government Order, dated 17th September 1868, No. 1160, and to recommend that the Sub-Collector's proposal receive favourable consideration, and that

*Proceedings of the Madras Government, Public Department,
22nd June 1869.*

the sum needed to provide a third vaccinator for the Oosoor taluq be sanctioned ; the size and population of the taluq being such as to render the employment of three vaccinators most desirable.

2. The money already received should be remitted to the Board, who will, on the receipt of the orders of Government on the subject, take steps for the purchase of Promissory Notes. There is no doubt that the increased success of this movement, in the Sub-division of Salem, is due to the commendable exertion of the Sub-Collector.

Forwarded to the Accountant General for his report as to the source from which the grant-in-aid referred to in these papers can be provided.

FORT SAINT GEORGE,
2nd June 1869.

(Signed) H. E. STOKES,
Actg. Under Secy. to Govt.

No. 136. From the Accountant General, Madras, to the Chief Secretary to Government, Fort Saint George ; dated Fort Saint George, 7th June 1869, No. 73.

Budget and Resource Department.

With reference to the Proceedings of the Board of Revenue, No. 3367, dated the 17th ultimo, referred to this department for report under a docket of the Under Secretary to Government, dated the 2nd instant, I have the honour to state that, as the Government of India have made very large retrenchments in almost every department and service when sanctioning the budget grant for the current year, I am unable, at this early period of the year, to point out any source of savings from which the proposed grant-in-aid towards the formation of a Vaccination Fund in the Salem district can be defrayed. I would, therefore, suggest that, unless the requisition for funds is of a very urgent nature, the expenditure be put off until the ensuing official year, in the budget of which the necessary provision can be made.

No. 137. ORDER THEREON, 22nd June 1869, No. 857.

To provide more fully for the requirements of the Oosoor taluq in his Division as regards vaccinators, the Sub-Collector has, it appears, with the aid of the inhabitants of the taluq, who have liberally contributed towards the object, established a Vaccination Fund. The sum subscribed for this purpose is Rupees 6610-12-0, of which Rupees 5778 have been paid up. The money in hand is, it is stated, sufficient only to provide two vaccinators on a salary of Rupees 10 each per mensem. Mr. Price, therefore, asks for a supplementary grant, in accordance with the resolution of Government of the 17th September 1868, No. 1160, to defray the salary of a third vaccinator.

*Proceedings of the Madras Government, Public Department,
22nd June 1869.*

2. The Accountant General, to whom a reference on the subject has been made, states his inability to point out any source of savings from which the grant in question can be met, and suggests that the grant, viz., Rupees 1948-8-0, be deferred until the ensuing official year, in the budget of which the necessary provision can be made.

3. Adverting, however, to the liberality of the inhabitants of the taluq, which is most praiseworthy, the Government are disposed to grant at once the aid required in support of their contribution. The Accountant General will accordingly disburse the sum asked for, and adjust the amount from such savings as may remain available at the close of the year.
