No. 859.

To

THE UNDER SECRETARY OF STATE FOR INDIA.
SIR,

I am directed to forward the accompanying indent, submitted by the Inspector General, Indian Medical Department, for instruments and apparatus required for use in the General Hospital, Madras, together with an estimate of their probable value, and, with reference to the annexed copy of Dr. Mackenzie's letter of the 1st April last, representing the pressing want in that institution of the instruments applied for, to request that, with the permission of the Right Honourable the Secretary of State for India, orders may be issued for the despatch to this Presidency of the stores in question.

FORT SAINT GEORGE,
22nd June 1869.

I have the honour to be,

Sir,

Your most obedient servant,

Actg. Secy. to Govt.

From the Inspector General, Indian Medical Department, to the Chief Secretary to Government, Fort Saint George; dated Fort Saint George, 1st April 1869, No. 119.

The Physician of the General Hospital has brought to my notice the pressing want in that institution of many instruments of physical diagnosis which modern science regards as necessary alike for the practice and for the teaching of the art of medicine.

2. I have the honour to enclose Dr. Smith's list of the articles he thinks essentially necessary for these purposes, and, taking into consideration the great importance of this hospital, especially as the school where Clinical instruction is given to students of all classes in the Medical College, I would respectfully solicit that Government may be pleased to sanction the supply of the instruments required.

Exd. A. S. Rodgers.
