Proceedings of the Madras Government, Public Department,

30th June 1869.

No. 180. Read the following letter from the Inspector General, Indian Medical Department, to the Chief Secretary to Government, Fort Saint George; dated Fort Saint George, 18th June 1869, No. 239.

With advertence to the order of Government marginally noted I have the honour to mention that my reply has been delayed by the temporary absence on duty of the Sanitary Commissioner.

Public Department, No. 605, of 10th May 1869.

Since that officer's return to Madras we have had several interviews, and the subject of the order under reference has received our careful attention.

2. I am convinced that no single medical officer could possibly conduct an inquiry of the nature contemplated consistently with the due performance of his proper duties, and I, therefore, concur in the opinion expressed by Dr. Ranking, in paragraph 5 of his letter of the 28th April 1869, that it would be necessary to appoint a committee of competent officers at any station that might be selected for that purpose.

3. I understand, however, that on the recommendation of the War Office Sanitary Commission it is in contemplation to institute a more extensive inquiry into the whole subject of cholera,* and

* Order since received, (No. 781, of 10th June 1869). I would, therefore, respectfully suggest that, pending the decision of Govern-

ment on the measures to be adopted in accordance with that recommendation, the special subject of the present reference should remain in abeyance.

No. 181. ORDER THEREON, 30th June 1869, No. 895.

Resolved accordingly that the G. O. of 10th ultimo, No. 605, be held for the present in abeyance.

at any Station that might be
selected for that purpose. —

3. I understand however
that, on the recommendation of
the War Office Sanitary Commission
it is in contemplation to institute
a more extensive inquiry into the
whole subject of cholera; and
I would, therefore, respectfully
suggest that, pending the decision
of Government on the measures to
be adopted in accordance with
that recommendation, the special
subject of the present reference, ^{* order since}
should remain in abeyance. ^{manuscript}
