*Proceedings of the Madras Government, Public Department,
5th July 1869.*

No. 17. Read the following letter from the Acting President of the Calicut Municipal Commission, to the Chief Secretary to Government, Fort Saint George; dated Calicut, 22nd May 1869, No. 17.

I have the honour to submit the explanations called for in paragraphs 4 to 7 of the Government Proceedings, Public Department, dated 6th February 1869, No. 172.

2. The last year's estimated expenditure under conservancy was 8000, but as the actuals amounted only to 4152, it was resolved, as it was not the intention of the Commissioners to increase the expenditure under this head, to reduce the estimate to the actuals. In the same manner the proposed establishment of twenty carts, twenty sweepers, and twelve toties was not kept up, but the number *actually* kept was continued for this year.

3. A Surveyor is now entertained for the purpose of making plans on a large scale of the divisions of the Municipality, showing each garden and house, bearing their numbers assigned to them in the Registers to facilitate ready reference. This work will be finished probably within the year, and certainly within eighteen months, so that Rupees 360 may be taken to represent the total ultimate cost.

4. The allotment of Rupees 1000 for new buildings is intended for latrines.

5. The system of collecting taxes has been revised since the date of the President's letter of the 13th January 1869, and an alteration of establishment made accordingly. The subjoined statement will show the former and present proposals:—

<i>Former.</i>	<i>Present.</i>
One Adigary.	Three Clerks.
One Menon.	Two Tax Collectors.
Three Clerks.	Eight Peons.
Four Tax Collectors.	No extra Goomastahs.
Seven Peons.	
Ninety rupees for extra Goomastahs.	

6. This report has been considerably delayed for a report that was called for from a Sub-Committee on conservancy, who have given much consideration to the subject, and were not able at once to decide on what seemed advisable to be done.

7. In a separate communication I shall address the Government as to some further items of taxation which it has become necessary to impose to enable the Municipality to meet the demands on it.

No. 18. ORDER THEREON, 5th July 1869, No. 910.

Under the explanation afforded in the foregoing letter, His Excellency the Governor in Council approves and sanctions the estimates of receipts* and disbursements* of the Calicut Municipality

for the year 1869-70, embodied in the Proceedings of Government, dated the 6th February last, No. 172.
