*Proceedings of the Madras Government, Public Department,
24th August 1870.*

No. 129. Read the following letter from the Inspector-General of Police, to the Under Secretary to Government, Fort Saint George, dated Madras, 5th August 1870, No. 4759, (Account,) :—

With reference to the clause of paragraph 3 of Government Order, No. 911, dated 22nd July 1870, quoted in the margin, I have the honour to state that the words “all sums received” in Section 30 of the Towns’ Improvement Act appear to refer to sums received from the Municipality. It would seem unnecessary that the Superintendent should account to the Municipality for sums received from any other source.

2. I beg you will be good enough to inform me whether it is the wish of Government that the statements furnished, under Section 30 of the Towns’ Improvement Act, by Superintendents of Police to Municipalities, should include all sums drawn from the Treasury for payment of Town Police.

3. Superintendents of Police have hitherto been instructed to show *disbursements only* in these statements as they receive no sums from the Municipal Commissioners, the cost of the Police being paid into the Government Treasury.

No. 130. ORDER THEREON, 24th August 1870, No. 1068.

The statements furnished by the Superintendents under Section 30 are to show “all sums received and expended by them in the past year in respect of the Police force maintained in the town.” There is no limitation as to the sums received from Municipalities ; and the object of the statement is to show not only how the sums contributed by Municipalities have been expended, but also to furnish them with information as to the actual cost of the Police, in view to adjustment of payments in excess or defect. It is in order to ascertain the actual cost of the Police, and whether the Municipalities have paid the full proportion, that the Government desire the Superintendents’ statements to be submitted with the Municipal accounts ; and it is obvious that if the statements are confined to showing the expenditure of the sums paid by the Municipalities under the arrangements introduced in pursuance of the Accountant-General’s Circular, No. 2221, dated 5th July 1869, the information required will not be given. They must show the whole receipts and the whole payments, and the Inspector-General will instruct his subordinates accordingly.
