2. The allowance (as a separate item) for the purchase of instruments is Rupees 500. The outlay should be restricted to Rupees 300. The saving of Rupees 200 thus effected, added to that of Rupees 2,020 ordered in the preceding paragraph, gives a total of Rupees 2,220, which, deducted from the entire estimate of Rupees 42,220 for the College, leaves the current year's provision at Rupees 40,000. No excess over this provision should be allowed in future Budgets without the special sanction of Government.

3. The amount of the specific reductions under "Establishments" ordered in G. O., No. 813, of the 18th March 1870, is Rupees 1,66,030. This saving has now been increased to Rupees 1,68,250, leaving Rupees 31,750 to make up the amount, Rupees 2,00,000, withdrawn by the Government of India.
