Proceedings of the Madras Government, Public Department,
13th October 1870.

No. 92. Read the following letter from the Inspector-General, Indian Medical Department, to the Chief Secretary to Government, Fort Saint George, dated Fort Saint George, 4th October 1870, No. 237 :—

I have the honour to acknowledge receipt of the Proceedings of Government, No. 1092, of the 30th August 1870, and, with reference to paragraph 2 of the Order, beg to state that, owing to the paucity of Native Medical Subordinates, it will be impossible to spare a member of the existing establishment for the newly established Civil Dispensary at Tuticorin. Under these circumstances, and as the education of an additional subordinate for the charge would occupy a period of several years, I would take the liberty of recommending that the Municipality of Tuticorin endeavour to secure the services of a pensioned Apothecary or Hospital Assistant for the charge.

2. With reference to the proposal in paragraph 14 of the letter of the Vice-President of the Municipality, I would respectfully point out that, as stated in Proceedings of Government marginally noted, it would be a very undesirable arrangement, as it would withdraw the Zillah Surgeon from his own proper duties and introduce a new practice, namely, inspection by *Executive* Medical Officers. It does not, moreover, appear that there is any reason why the duties of the Dispensary in question should not be efficiently carried on, as those of several Dispensaries are, by an intelligent subordinate, the Deputy Inspector-General, Southern District, being directed to visit and report on the institution during his annual tours of inspection.

No. 93. ORDER THEREON, 13th October 1870, No. 1291.

Communicated to the Acting Collector of Tinnevely, with reference to the Collector's letter, dated 5th August last.

OCTOBER
Nos. 92-93.

Communicating with reference to the Civil Dispensary letter, dated 5th August last, a letter from the Inspector-General, Indian Medical Department, stating that an Hospital Assistant cannot be spared for the Civil Dispensary at Tuticorin.

1st Hospital Assistant for the charge.

2 With reference to the proposal in para 14 of the letter of the Vice President of the Municipality, I would respectfully point out, that, as stated in Proceedings of Government marginally noted, it would be a very undesirable arrangement, as it would withdraw the Billaah Surgeon from his own proper duties, and introduce a new practice, viz. inspection by Executive Medical Officers. It does not, moreover, appear, that there is any reason why the duties of the Dispensary inspection should not be efficiently carried on, as those of several Dispensaries are, by an intelligent subordinate, the Deputy Inspector General Southern Districts being directed to visit and report on the institutions during his annual tours of inspection.
