*Proceedings of the Madras Government, Public Department,
21st October 1870.*

No. 153. Read the following letter from the Inspector-General, Indian Medical Department, to the Chief Secretary to Government, Fort Saint George, dated Fort Saint George, 11th October 1870, No. 240:—

I have the honour, with reference to paragraph 4 of G. O., No. 1149, of 12th September 1870, to report, for the information of Government, that I do not approve of the suggestion that the Zillah Surgeon, Nellore, should visit and inspect the Civil Dispensary, Ongole, once in six months.

2. As stated on similar previous references, such an arrangement would withdraw the Zillah Surgeon from his own special work, which might be productive of serious inconvenience, and would place the duty of inspection in the hands of an Executive Medical Officer.

3. Owing to the great extent of the Circle of the Deputy Inspector-General of the Presidency and Northern Division, it has been found impossible for that Officer to visit remote stations oftener than once in two years; but I shall instruct him to visit Ongole hereafter annually.

No. 154. ORDER THEREON, 21st October 1870, No. 1340.
Communicated to the Collector of Nellore.
