N^o 91.

From

Colonel Arthur Hewlett
Offg. Quarter Master General.

To

Major General Sir A. A. Milde K.C.B. C.S.I.
Secretary to Government
Military Department.

Sir,

In returning the papers received under
your Reference Memo dated 20th ultimo, I am directed
by His Excellency the Commander in Chief to observe
that he does not anticipate the re-occupation of
Acre by European Troops, but the Building required
by Mr. Scudder is valuable property and probably
might be disposed of to advantage, if it is not to be
kept for military purposes, but if it is lent to
Mr. Scudder there is no dependence upon the
Building being kept in repair and should it be
again required at any time the expense of the repairs
will fall upon Government. His Excellency therefore
considers it will be inadvisable to make over the
European Infantry Barracks as requested by Mr.
Scudder. but there is another range (the old
Cavalry

Cavalry Barrack at Acot) which will never
be again required for any military purpose;
that it is much better adapted for an Industrial
School, and might be rented or sold outright
to Mr. Scudder for Mission purposes for a very
small sum. —

Yours the honest one,

Geo.

Hon. Edmund S. Morgan.

John C. (Clerk).

(Copy, Quaker Master General).

Governor of Madras Presy.

Dear Sir

I have a school called the "Preparandi School" under my care. It is intended only for boys who have renounced heathenism and become Christians. Such as prove themselves worthy and capable, we design to educate. Many of them, however, are so advanced in years when they come to us, that we have but little hope of their ever gaining an education sufficient to make them useful as Mission Agents. The Mission has therefore requested me to start an industrial school as an experiment, since

we do not wish to support the
loads in idleness.

As there are a number of weaver
boys in the school, we contemplate
starting a weaving establishment
only at present.

For this we need another building
and as there are a number of
vacant Government buildings in
Rampett, I have the honor to
request that the Government will
kindly allow us the use of the
Infantry Barracks for the purpose
of the above mentioned Industrial
School.

I have the honor to be

To

The Honorable R. S. Ellis C.B.

Chief Secretary to Government
Fort Saint George

Sir

A piece of waste ground, situated
on the North side of the Town of Vellore, being urgently re-
quired by the Municipality for a Rubbish Depot. I
have the honor to request that you will be pleased
to make over the ground to the Municipal Commissioners.
It measures 11 grounds and 116 square feet, and is the
property of Government. The site at present
used for a similar purpose on the North Western
side of the Fort is both inadequate, and too far distant
for carts working at the farther end of the Town.

A plan of the ground now required,
and showing the boundaries is enclosed.

J.

I have the honor to be,

No. 186

To

**The Secretary to the Government
of India.**

House Department.

Sir,

With reference to the Resolution of the Government of India in the Home Department, dated Simla 27th April 1870, No 229, impressing upon Local Governments and Administrations that the sanction of the Government of India should be obtained for the alienation of all Govt land, whether actually paying revenue or not, except grants of waste land made under the approved rules - and, ^{substantially} to the further Resolution in the Fin. Department on the same subject received with your despatch dated 14th July last, No 429, I am to solicit the permission on the

Respects the good
to make over the land
regions for public report
to the administrative Commission
under the circumstances
making it necessary to
place before the public
of the country

the Government of India
to the assignment of Govt
land, and of a Government
building in the two fol-
-lowing cases:-

2. In the first case which
is submitted by the Collector
of North Arcot it is pro-
-posed to make over to the
Municipal Commissioners
of the Town of Vellore a piece
of waste ground the proper-
-ty of Government measu-
-ring 2. Roads and 18944
square feet for use as a
Rubber Depot. It is represented
that the site is conveniently
situated and the value of
the land is insignificant. The
Govt propose therefore to
make this concession to the
Municipality of Vellore. In
the other case :- An ap-
-plication has been

received

There is no market value
and not available for
any other conceivable
purpose at present

probably

"move" is a long

received from the Revd Mr
Scudder of the American
Medical Mission at Arcot,
that he may be allowed to
occupy certain European
luxurious barracks ^{at the station} no longer
in use, for the purpose of
establishing an Industrial
School for Christian converts.
His Excellency the Commander
in chief proposes to make
over to the Revd Mr Scudder,
not the European Barracks
applied for, which may be
- after he requires for go-
- vernment use, but a range
of buildings known as the
old Cavalry Barracks at
Arcot which ^{is} will ^{not} ^{ever} be
again required for any mi-
- litary purposes, and which
is well adapted for the In-
- dustrial School which is
proposed to establish at Arcot.
Having in view the great
services rendered by the Revd
Mr

Mr. Sudder's mission to the people of Arcot and its neighbourhood, the Government recommend that the British mission should be made over to the mission free of any charge.

3. With reference to the Resolution of the Govt. of India, I am to observe that the cases requiring reference under the terms of the Resolution will be exceedingly numerous and most frequently ^{relating to} for portions of land of small extent and value. I am therefore directed respectfully to suggest that some modification of the terms of the Resolution may with convenience be made, either by limiting the necessity of the reference to cases in which the value of the land

land is of a certain amount to be determined by the Government of India, or by leaving it to the discretion of the local Governments, to apply for the sanction of the Govt. of India, to alienations of land, ^{when there are} of such considerable value, as may appear to bring them within the presumed intention of the Resolution.
