*Proceedings of the Madras Government, Public Department,
9th November 1870.*

No. 58. Read the following copy of a letter from the Sanitary Commissioner, Madras, to the Accountant-General, Fort Saint George, dated Madras, 10th October 1870, No. 865:—

I have the honour to forward, in duplicate, the Budget Estimate of my office for 1871-72.

2. It will be observed that the amount budgeted for is rather in excess of the estimate for 1870-71; but this increase is chiefly due to a new item having been for the first time entered in my Budget, viz., the cost of the printing requirements of my office, in accordance with the Notification of the Government of India marginally noted, which rules that Officers employing the Superintendent of Government Printing should make provision for the same in their Budget Estimates. Almost every other item budgeted for shows a decrease on that estimated for in 1870-71; and, if the 4,000 Rupees entered for the first time as the cost of the printing requirements of my office were eliminated from the statement, there would appear an actual decrease of Rupees 1,934 on the estimate for 1870-71. This decrease is due principally to a reduction of my office establishment, which took place in April last (*vide* G. O., No. 420, of 9th April 1870), and to the Government of India having declined to sanction the increase that was solicited last year, and for which provision was made in the estimate for 1870-71.

3. Another item that requires explanation is that of "Travelling Allowance." It will be observed that the sum of 1,500 Rupees was budgeted for in 1870-71, and that 1,456 Rupees of it were actually expended during the year; but, as I am instructed by Government to make a sanitary inspection of all the municipal towns in the Madras Presidency, and to conduct a special inquiry regarding the prevalence of epidemic cholera, I shall be out on tour for from six to eight months of the ensuing year; I have, therefore, budgeted for a larger amount, viz., 3,000 Rupees, for 1871-72.

No. 59. ORDER THEREON, 9th November 1870, No. 1447.

The Budget Estimate of the Sanitary Commissioner for the year 1871-72 amounts to Rupees 37,968, against the estimate for the current year of Rupees 35,900, and the actuals for 1869-70 of Rupees 36,603.

2. The increase in the estimate for 1871-72 is due chiefly to the provision of a sum of Rupees 4,000, in accordance with the Resolution of the Government of India, dated the 7th June last, No. 1035, on account of work likely to be executed at the Government Press, and of an additional sum of Rupees 1,500 under the head of "Travelling Allowance."

3. The actual cost of printing executed at the Government Press in 1869 for the Sanitary Commissioner having, as shown in the memorandum circulated under date 7th instant, been Rupees 4,164-7-6, the Government direct that Rupees 164 be added to the estimate in addition to the sum of Rupees 4,000.

Proceedings of the Madras Government, Public Department,
9th November 1870.

4. In respect to the charge* for travelling allowance, the Government consider that an additional sum of Rupees 1,000 should be sufficient to cover any additional expenditure which is likely to be incurred by the Sanitary Commissioner on account of the inspections adverted to in paragraph 3 of his letter to the Accountant-General.

* Rupees 3,000.

5. The estimate will, after the addition of Rupees 164 for "Printing" and the deduction of Rupees 500 from "Travelling Allowance," amount to Rupees 37,632.

Office of Sanitary Commissioner
Madras 10th October 1871.

From

The Sanitary Commissioner
for Madras

To

The Accountant General
Fort Saint George.

I have the honor to forward in duplicate
the Budget estimate of my Office for 1871-72.

It will be observed that the amount bud-
getted for is rather in excess of the estimate
for 1870-71 but this increase is chiefly due
to a new item having been for the first
time entered in my Budget viz the cost
of the printing requirements of my Office.

+
N^o 4035 of 7th June 1871 in accordance with the Notification of
published at part the Government of India marginally
808 of the Fort
Saint George in note which rules that Officers employing
the Superintendent of Government Printing
gazette.

should make provision for the same in
their Budget estimates. Almost every other
item budgetted for shows a decrease
on that estimated for in 1870-71 and if the
4,000 Rs. entered for the first time as the cost
of the printing requirements of my Office
were eliminated from the Statement there
would appear an actual decrease of 1,000
on the estimate for 1870-71. This decrease is
due principally to a reduction of my
Office establishment which took place

in April last vide G.O. No. 420 of 9th April 1870 and to the Government of India having declined to sanction the increase that was solicited last year and for which provision was made in the estimate for 1870-71.

Another item that requires explanation is that of "Travelling allowance". It will be observed that the sum of 1500 Rupees was budgeted for in 1870-71 and that 1458 Rs. of it were actually expended during the year, but as I am instructed by Government to make a sanitary inspection of all the Municipal towns in the Madras Presidency and to conduct a special enquiry regarding the prevalence of epidemic Cholera,

I shall be out on tour for from six to eight months of the ensuing year, I have therefore budgeted for a larger amount vizt/3,000 Rs. for 1871-72.
