President of the Municipal Commission

To, Combaconum  
The Honorable R. S. Ellis Esq.

Chief Secretary to Government

Sir, Fort St George

I have the honor to forward a copy of a letter from the Vice President of the Combaconum Municipality, requesting me to make an application to Government for a reconsideration of para 3 of their order dated 16<sup>th</sup> August 1870 No 1033, directing that the charge of Rupees 240 for medical attendance on the Municipal Police be struck out of the Estimates for 1870-71.

2. Under the Circumstances stated in the Vice President's letter, I trust that Government will be pleased to sanction the inclusion of

2. The Charge for medical attend-  
=ance was first entered in the budget

Estimate for the year 1868-69 and received the sanction of Government, in their order dated 21<sup>st</sup> September 1868, No 179. As, however, the Municipal Police Hospital was not built in 1868-69, the charge was not incurred in that year.

3. The charge was again entered in the Budget Estimates for the year 1869-70, and was passed by Government in their order dated 4<sup>th</sup> May 1869, No 574. Towards the close of 1869, the new Police Hospital was completed, and from the time it was brought into use, the charge for medical attendance was incurred.

4. In their order dated 16<sup>th</sup> August 1870, No 1033 the Government direct, that the charge be struck out of the Estimates on the ground that "the Municipal Police in common with other public servants are entitled

without

52  
"without Extra Charge to the services of the Apothecary in charge of the Civil Dispensary and that the establishment of the Police Hospital cannot add to the calls upon him in this respect"

5. The Commissioners venture to point out that the establishment of the Police Hospital involves a considerable amount of additional work, part of which the apothecary is not bound to perform, and which therefore it seems but fair to remunerate.

6. Before the erection of the Police Hospital the Municipal Police were treated at the Dispensary, but only as out-patients, and consequently those who were unable to attend the dispensary were not treated at all. They now are all treated at
