	(48-49)	Mis.
Dated	8-12-19	1870

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Department,
8th December 1870.*

No. 48. Read the following letter from the Collector of Madura, to the Chief Secretary to Government, Fort Saint George, dated Combem, 18th November 1870, No. 2093 :—

I have the honour to submit the annual report on the state of the funds belonging to the Civil Dispensary and the Lying-in Hospital at Madura for the official year 1869-70.

2. The enclosed statement will show that the expenditure in the year under report falls short by Rupees 421-9-8 of that of the previous year. This decrease is owing to the cheaper rate at which the articles of consumption were purchased in this year and to the comparative decrease in the number of patients dieted, viz., 6840 against 7534 in 1868-69.

3. There were eighty-two admissions in the Lying-in Hospital in this year against seventy-eight in 1868-69. The average period during which each woman received diet amounts to thirty-eight days ; in the previous year, the average was 36½ days. The charges for dieting these women amounted to Rupees 397-2-0, or Rupees 40-8-0 in excess of the year 1868-69.

4. As both these institutions are well managed, I have no special remark to make regarding them.

5. In obedience to the Order of Government, dated 17th June 1869, No. 831, paragraph 2, I beg to state that almost all the sums of money belonging to the institutions, as they are received, are invested in the Government Savings' Bank, only such portion as is required for immediate expenditure being kept in deposit.

6. I beg also to enclose copy of the remarks in the Visitors' Book, called for in paragraph 3 of the Government Order above quoted. Steps will be taken for giving effect to the suggestions therein made by the Deputy Inspector-General of Hospitals.

No. 49. ORDER THEREON, 8th December 1870, No. 1588.

It appears from the foregoing report and account submitted with it of the Civil Dispensary and Lying-in Hospital at Madura, for the year 1869-70, that the aggregate receipts, including the balance brought forward, amounted to Rupees 50,096-8-6, and the disbursements to Rupees 3,646-0-11, leaving a balance, on the 1st April 1870, of Rupees 46,450-7-7 ; of which sum Rupees 45,900 were invested in Government securities, Rupees 307-8-4 deposited in the Government Savings' Bank, and Rupees 242-15-3 in the Hoozoor Treasury to meet current expenditure.

2. The number* of patients dieted in the Dispensary during 1869-70 falls short of the number† dieted in 1868-69 by 694. The expenditure also falls short by Rupees 421-9-8, the articles of consumption purchased in 1869-70 having been cheaper than in 1868-69.

* 6840.
† 7534.

3. In the Lying-in Hospital, the admissions continue to be progressive. The admissions in 1869-70 were eighty-two, the highest number since 1865-66, and four in excess of the admissions (seventy-eight) in the preceding year.

4. The Government consider these results to be satisfactory.

Copy of the Visitors Book

Date: 11 January 1870. Name: J. Kennedy. Rank: Assistant General. Remarks: Annual Inspection

Civil Dispensary and Hospital clean and in excellent order. The General Conservancy much improved since last inspection.

The Dressing Rooms intended but never used for bathing should be removed and two substituted for the same. New baths would be a great improvement to the old wooden ones now in use. I beg to reiterate my opinion given in this book at last Annual inspection - viz. that new buildings are much wanted and that when the cost of these can be defrayed a better site should be selected.

(Signed) J. Kennedy
10 March 1870. D. Cogswell, Assistant Collector. Every thing in good order.
