Proceedings of the Madras Government, Public Department,

8th December 1870.

No. 50. Read the following Proceedings of the Board of Revenue, dated 17th November 1870, No. 6734:—

Read the following letter from the Officiating Collector of Vizagapatam, to the Acting Secretary to the Board of Revenue, dated 18th October 1870, No. 767:—

Referring to the Proceedings of the Board of Revenue, Miscellaneous No. 470, communicating Government Order, Public Department, 29th July 1870, No. 947, I have the honour to forward, herewith, copy of a letter from the Senior Assistant Collector, No. 183, dated 27th ultimo, together with a plan and estimate for the Civil Dispensary at Parvatipore.

From the Acting Senior Assistant Collector, to the Officiating Collector of Vizagapatam, dated 27th September 1870, No. 183.

With reference to your request, that I should get a suitable plan prepared for the Civil Dispensary at Parvatipore, I have the honour to forward, herewith, a drawing which shows the sort of building that could be made for about 1,800 Rupees. The walls would be made of mud and brick, and, if the small side rooms are left out, a still further saving might be effected on this already moderate estimate. You will observe that, by taking this plan in preference to the one already submitted through the Department of Public Works, we shall avoid the difficulty of having the police and the general public under the same roof. All the accommodation will be twice as great. I propose that I should be allowed to get all the door frames and wood work prepared in Vizianagram by other agency than the Department of Public Works, as our moderate allowance will not stand the high rates of the Government shops. The present state of buildings erected at the Government expense in Parvatipore is such that I am justified in asserting my belief that I could get the work done better and cheaper privately than if the estimates are prepared and the material supplied by the Department, considering the staff employed in this division of the district.

2. I also enclose a rough abstract in Telugu showing the details of the estimate. I believe wood and brick are somewhat cheaper at Parvatipore than here; but the estimate has been drawn up by a Vizianagram man.
