Proceedings of the Madras Government, Public Department,

13th December 1870.

No. 66. Read the following letter from the Acting President of the Municipal Commission in Vizagapatam, to the Chief Secretary to Government, Fort Saint George, dated Vizianagram, 21st November 1870, No. 393:—

I have the honour to request the sanction of Government to suspend the collection of the professional tax in Vizagapatam in those cases in which it may appear advisable to the Commissioners to do so. The Commissioners propose to exercise this discretion in the cases of those of the poorer classes whose houses and property have been destroyed by the late cyclone. The estimated deficiency in receipts which will thus be caused amounts to Rupees 1,000.

2. I have the honour, at the same time, to submit a statement of sums proposed to be transferred from the Budget and made available for emergent repairs rendered necessary by the cyclone.

3. After deducting the Rupees 1,000 above referred, the sums thus transferred fall short by Rupees 2,260 of the amount required to execute indispensable repairs; and, as the circumstances are exceptional and the loss of the Municipality has been heavy, I have the honour to apply to Government for assistance to that amount. Such an application is, no doubt, unusual; but I trust that Government, taking into consideration the unusual nature of the calamity, will assist the Municipality as was done on the occasion of the cyclone at Masulipatam.

No. 67. ORDER THEREON, 13th December 1870, No. 1615.

The special sanction of Government is not necessary for the exercise by the Commissioners of their powers of granting exemption, with the approval of the President, from rates and taxes imposed under the Act.

2. The Government will confirm such transfers in the estimates as the Commissioners may find necessary in consequence of the unforeseen damage done by the cyclone, but remark that an examination of the list of works submitted with Mr. Melville's letter does not produce the impression that the works are of an urgent character, nor do they appear to have any immediate connexion with the cyclone.

3. The reports which Government have received regarding the calamity do not represent the people as having suffered severely, and the Government are not satisfied that any special measures are required.

4. They, therefore, decline to sanction the grant of Rupees 2,260 asked for by the Municipal Commissioners.
