Proceedings of the Madras Government, Public Department,
13th December 1870.

No. 73. Read the following letter from the Acting Inspector-General of Ordnance and Magazines, to the Secretary to Government, Military Department, Fort Saint George, dated Fort Saint George, 22nd November 1870, No. G-228:—

Ordnance Department.

I have the honour to state, for the information of Government, with reference to the Proceedings of Government, communicated under your docket,* regarding additional stowage room for stationery, suggested in Clause 2, heading V. of the Administration Report comprised in the above Proceedings of Government, that, having personally inspected the arrangements proposed in the said report, and communicated on the subject both in person and by letter with the Commissary of Ordnance in charge of Grand Arsenal, and Superintendent of Stationery, I consider the plan suggested the best that could be devised under the circumstances, and recommend its immediate adoption, as in itself inexpensive and economical, and as providing for the safety and preservation of a valuable stock of stationery now exposed under tarpaulins to all weathers in the open area of the Arsenal yard. The annexed copies of letters from the Commissary of Ordnance, Grand Arsenal, express that Officer's approval and recommendation of the proposed arrangement, and, in his capacity of Superintendent of Stationery, that the cost will be far less than that now incurred for tarpaulins to cover the exposed stationery.

No. 2382, dated 17th November 1870,
and No. 416, dated 19th November 1870.

From the Acting Commissary of Ordnance in charge of the Grand Arsenal, to the Inspector-General of Ordnance and Magazines, Fort Saint George, dated Fort Saint George, 17th November 1870, No. 2382.

With reference to Proceedings of Government as per margin, I have the honour to report that I agree with the views of the Superintendent of Stationery as to the space that may be given up for the use of that Department, and recommend that the separate entrance he desires may be constructed out of the funds available for the service of the Stationery Dépôt.

No. 1432, dated 5th May 1870.

From the Superintendent of Stationery, Fort Saint George, to the Inspector-General of Ordnance and Magazines, Fort Saint George, dated 19th November 1870, No. 416.

With reference to former correspondence regarding the want of stowage room for the Stationery Office and the suggestions made for furnishing the additional accommodation required, I have the honour to state that I have received a communication debiting the Department with Rupees (444-14-9) four hundred and forty-four, Annas fourteen, and Pice nine, for tarpaulins supplied last year to cover the bales of stationery stores in the open area of the Arsenal yard; and I am of opinion that the whole cost of the alterations required for the outside public to transact business in the Stationery Office without intruding in any portion of the Arsenal limits will not exceed half the cost of the tarpaulins.

Transferred to the Public Department, with reference to paragraph 10 of Proceedings in that Department, No. 1264, dated 10th October 1870.

*Proceedings of the Madras Government, Public Department,
13th December 1870.*

2. The Government in the Military Department approved the proposed arrangements.

FORT SAINT GEORGE,
26th November 1870.
