Proceedings of the Madras Government, Public Department,

14th December 1870.

No. 77. Read the following letter from the President of the Municipal Commission, Wallajahpet, to the Chief Secretary to Government, Fort Saint George, dated Chittoor, 25th November 1870, No. 97:—

In forwarding the accompanying bye-laws, which the Municipal Commissioners of Wallajahpet have found it necessary to frame to ensure the convenience and safety of passengers and the people in the Town of Wallajahpet, I have the honour, with reference to Section 145 of the Towns' Improvement Act, to request that His Excellency the Governor in Council will be pleased to approve and confirm the same.

Proposed Bye-laws.

- I. Pigs found astray within the town of Wallajahpet shall be destroyed.
- II. Bullocks without nose strings shall not be yoked for the draught of jutkas, bandies, or other carriages kept for use within municipal limits.
- III. Any unserviceable or repairable jutka or other conveyance kept on hire within municipal limits for the transport of passengers, and pronounced by the Commissioners to be in a dangerous state, shall not be let until after it is put in thorough repair to the satisfaction of the Commissioners.
- IV. No jutkas or other carriages kept within the town, and used for conveying passengers, shall run within municipal limits on dark nights without a lighted lantern or moon attached to them.
- V. Whoever disobeys Bye-laws II., III., and IV. shall be liable to a fine not exceeding 20 Rupees.

No. 78. ORDER THEREON, 14th December 1870, No. 1623.

The Government approve and confirm the first proposed bye-law which will be published for one month in the *North Arcot District Gazette*.

2. It is not apparent why the operation of the second bye-law is restricted to vehicles kept for use within municipal limits.

3. The Government doubt the necessity of the third bye-law. There is apparently some error in the words "unserviceable or repairable jutka, &c."

4. In lieu of the fourth bye-law, the Government suggest to the Commissioners the adoption of the bye-law on the same subject which has been sanctioned for other towns as follows:—

"No person shall drive any conveyance of any description at any time between three quarters of an hour after sunset and one hour before sunrise, without a sufficient light, except when, in the opinion of the Magistrate, there may be sufficient moonlight to render such light unnecessary."
