No. 134. Read the following letter from the Inspector-General, Indian Medical Department, to the Chief Secretary to Government, Fort Saint George, dated Fort Saint George, 29th November 1870, No. 295 :—

With reference to the Proceedings of Government in the Public Department, No. 1382, dated 27th October 1870, I have the honour to submit, herewith, a revised Civil Budget Estimate for the Medical Department, for the official year 1871-72, prepared in accordance with the form obtained from the Accountant-General, and to state that the total amount, exclusive of the charge for European medicines transferred from the Military Estimate, is less than that of 1870-71 by Rupees 4,432, as will be seen from the subjoined statement :—

	1871-72.	1870-71.
	RS.	RS.
Medical Establishment	3,83,507	3,95,450
Vaccine do.	82,360	82,763

Medical College...	83,416	73,680
Lunatic Asylum	63,160	65,560
	9,37,321	9,41,753
Decrease in estimate of 1871-72		4,432

2. With regard to the sum of Rupees 48,300 provided for European medicines, I beg to state that this has been hitherto debited to the Military Department, but, under instructions from the Accountant-General, it now forms a charge against the Civil Department. Intimation has been given to the Controller of Military Accounts to reduce the Military Estimate to a corresponding extent.

3. There would have been a more decided decrease in the total amount but for certain additional charges,* which had to be provided for under the orders of Government. These are duly noted in the column of remarks in the estimate.

*1. Printing charges and postage of banghy parcels.
2. House-rent for Apothecaries.
3. Stipends of Native Medical Pupils to be entertained in 1871-72.
4. Stipends of Native Medical Pupils after passing the preliminary examination.
5. Two Hospital Assistants ordered to prosecute studies at the Medical College.
6. Two Hospital Assistants, one for Titrapundi and another for Sydapet Out-door Dispensary. &c., &c.

4. With reference to the last paragraph of the G. O. under reply, I beg to state that due provision has been made for the repair and purchase of furniture under the several heads included under annual and half-yearly supplies.

5. The estimate has been most carefully revised, and will, I hope, receive the sanction of Government.

No. 135. ORDER THEREON, 20th December 1870, No. 1659.

It appears from the abstract of the revised Budget Estimate of the Medical Establishment, submitted with the foregoing letter, that the charge for 1871-72 will be Rupees 9,85,621, against Rupees 9,41,753, the grant for 1870-71, and Rupees 8,76,106, the actuals for 1869-70.

Lunatic Asylums...	63,160	65,560	56,230
Total...	9,85,621	9,41,753	8,76,106

2. The charge for 1871-72 exceeds the grant for 1870-71 by Rupees 43,868, and the estimate reviewed in G. O., dated the 27th October last, No. 1382, by

Rupees 34,461, and is due chiefly to the inclusion, under "Hospitals and Dispensaries," of a sum of Rupees 48,300 for European medicines, which were heretofore provided for in the Budget of the Military Department. Excluding this charge, the estimate for 1871-72 falls short of the grant for the current year by Rupees 4,432.

3. It is observed, however, that the Government of India, in their letter dated the 29th November 1869, No. 5195,* restricted the expenditure for the establishment of the Lock Hospital at Madras to Rupees 487 per mensem, or Rupees 5,844 per annum. The entries† in the Budget Estimate show that the charge for establishment amounts to Rupees 19,848, or Rupees 14,004 in excess. This excess being inadmissible in the Budget, the Inspector-General, Indian Medical Department, will submit a Supplemental Estimate for the amount to be charged to Local Funds.

* Procs. of Govt., dated 27th January 1870, No. 108.

4. Deducting the sum of Rupees 14,004 from "Government Hospitals and Dispensaries," the gross estimate will be reduced from Rupees 9,85,621 to Rupees 9,71,617, and is passed accordingly.

5. The Government resolve to pass also the following charges :—

Memo for the information of the Ch
Secretary to Government

Para 2 of G.O. No 1382 of 27th October

The form in which the Estima
was prepared is the one in which it has hitherto
been submitted. It was suggested by the
Accountant General, and approved of by
Government in G.O. No 350 of 26th July 1865
It is now submitted in this revised form
recently received from the Accountant Genera

Para 3 of G.O. The sums Estimated for h
the Inspector General have been erroneously
entered, instead of those sanctioned by the
Government of India, but the necessary
deductions were indicated in para 2 of
covering letter. The necessary correction
the Estimate has now been made.

Para 4 of G.O. The details of "Medical
College and Schools" were, as usual, entered
under the general head of "Medical Es
-blishment", and in accordance with instruc
-tions from the Accountant General in
his letter No 1136 of 24th May 1870. The
details are now given under a distinct hea

Para 5 of G.O. The Estimate for 1871-72. would have been less than that for 1870-71, but for the transfer from the Military Budget Estimate, by order of the Accountant General, of the Sum of Rs 48,300 for European Medicines. Excluding this item there is a reduction to the extent of Rs 4432, as will be seen from the subjoined statement, notwithstanding that Sundry new charges have been included under the orders of Government. The saving has been effected by making large reductions wherever the Estimate was susceptible of them.

Para 6. of G.O. There is not an actual increase of the cost of three 1st Class Apothecaries or Rupees 9,360, but merely that of the difference between the pay of three Second Class and three 1st Class Apothecaries viz. Rs 1,800. The Apothecaries at the General Hospital and Lock Hospital Black Town were promoted respectively in 1869. and 1870. from 2nd to 1st Class, and the Apothecary at the

Monegar Choultry Madras will attain the latter grade at an early period. Provision had to be made accordingly and I would strongly urge the necessity of retaining the services of the 1st Class Apothecary at the General Hospital, not only on account of the importance of the hospital duties, but because it is the practical training school for the Students of the Medical College. The Monegar Choultry is also a very important institution, and I think it highly desirable that a 1st Class Apothecary should also be kept there. There are at both the Madras Lock Hospitals 1st Class Apothecaries, and the question as to their remaining there will form a subject of remark in the special report on the institutions called for in G.O. No 802 of 28th June 1870.

Para 7 of G.O. The actual cost of Casting Patients during 1869-70. amounted to Rs 79,060, but on reconsideration it has been found, that this will not be sufficient. Accordingly further provision has been made, but not exceeding the sum sanctioned by

by the Government of India for 1870-71. It will be impossible to reduce the expenditure under this head, without restricting admissions and impairing the utility of the institutions as public charities. Large reductions, regulated by the actuals of previous years, have been effected under the heads of "Annual and Half yearly Supplies" & "Contingencies", and measures will be taken to ensure every practicable Economy in Expenditure.

Paras 8. 9. and 10. Complied with.
