**Proceedings of the Madras Government, Public Department,
30th December 1870.**

No. 154. Read the following Proceedings of Government, Public Works Department, dated 8th December 1870, No. 2979:—

Read the following papers:—

From the Inspector-General, Indian Medical Department, to the Secretary to Government, Public Works Department, Fort Saint George, dated Fort Saint George, 5th December 1870, No. 298.

I have the honour, with reference to G. O., No. 2874, of the 29th November, to inform you that a supply of the necessary medicines will be immediately forwarded to the Acting Superintending Engineer, 1st Division, Dowlaiswaram.

2. Should the fever continue to prevail as the cold season advances, I think it would be very advisable to send a medical officer to the district to report on the cause of the outbreak and advise as to the treatment. For this duty I propose to detail Assistant Surgeon W. E. Wright, Guntoor, and presume that, while thus engaged, it would be necessary to allow him the employed rate of pay of his rank and travelling expenses.

3. In connexion with the above, I may mention that the Sanitary Commissioner has informed me that he intends to visit the district some time in January next.

Telegram from Major J. F. FISCHER, R. E., Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, Fort Saint George, dated Dowlaiswaram, 5th December 1870.

Fever much on the increase. Please send medicines soon.

Order, 8th December 1870, No. 2979.

Ordered that the papers above read be communicated to the Public Department, in continuation of G. O., No. 2874, dated 29th November 1870.

2. In the event of its being found necessary to depute Assistant Surgeon Wright to Guntoor, His Excellency the Governor in Council considers that, looking to the nature of the inquiry on which that Officer will be engaged, the charges referred to in paragraph 2 will not be payable by the Public Works Department.

Madras 13th Dec/70
My dear Sir,
I intended going up
to Madras about early
next year, and this morning
I received a letter from
you saying that it is
important that I should
try to hasten my movements
to Madras as soon as possible.
But I have an important
work on hand here, and
am preparing the report of the
and two or three Committees
to close proceedings & before
I can get away. Then I
am anxious to get my report
up to the Madras
so that I did not out of
Madras before.

the Northern district before
Feb or March.

I am very glad if
Mr Wright could be expected
to examine the preliminary
steps of peace and the
circumstances attending
it. Of course
the proper person to do this
on the British side is
the Secretary of State
but Mr Wright is the
contingent member of the
and if Wright can be
temporarily spared he

might be much more
expedient than the
first meeting of the
of general interest
you will see for the
letter to the Revenue Board
herewith enclosed, that
I pointed out the periodical
return of peace to the
last of the year and then
to make an independent
the supply of peace
of the value of the general
cause for many it, as
Chief being given to the
monies. When I suggest
the supply of October and
not had been unusual
to disturb. I felt sure
certain that a great
fever epidemic had

Spread over the district.
It will probably last in 6
100 & 250. And the decline
at least that is the usual
course of fever in that
particular part of the
country. If you will refer
to my memorandum for
May of this year for the same
look at the description of
Fever mortality of the preceding
district, and you will see what
I mean. Believe me
Yours truly

My dear Ellis
I will have
Mr Wright sent up
to the Goddard
district as expe-
ditionary as possible
