*Proceedings of the Madras Government, Public Department,
30th December 1870.*

- No. 161. Read the following letter from the Acting Superintending Engineer, 7th Division, to the Secretary to Government, Public Works Department, Fort Saint George, dated Calicut, 5th December 1870, No. 196:—

Government, in their Orders, communicated with Department Public Works' G. O., No. 20, of 4th June 1870, sanctioned an estimate of Rupees 3,200 for the construction of a Sailors' Hospital at Cochin.

Enclosures.
1 Plan.
1 Estimate, No. 43, Rupees 2,900.

2. Some question having arisen about the site, Government subsequently, in G. O., No. 28, of 8th November 1870, decided that the building, known as "the Bonded Warehouse," at Cochin, should be converted into a Sailors' Hospital, for which purpose I have the honour to submit a plan and estimate, amounting to Rupees 2,900, for the sanction and approval of Government. Funds are already available from those allotted for the building first proposed, so the work can be put in hand immediately the orders of Government are received.

3. The cause of the difference between the two estimates being of so insignificant a sum, is that the existing accommodation in the building, to be converted, is considerably greater than that provided in the plan for the entirely new building; as this increased space will, doubtless, render the building a more convenient and comfortable Hospital, it would be a pity to curtail it, and, therefore, but little saving is derived from the arrangement; while, to reduce it to the same dimensions as the new building, for which I directed an estimate to be prepared, what with pulling down, filling, rebuilding, &c., &c., the saving is so very little more that I cannot recommend such a plan being adopted.

Transferred to the Marine Department, with reference to the under-mentioned Orders in that Department:—

No. 659, dated 27th May 1870.

„ 1363, „ 25th October 1870.

FORT SAINT GEORGE, (Signed) CHARLES A. ORR, Colonel, R.E.,
9th December 1870. Secy. to Govt., P. W. D.

No. 162. ORDER THEREON, 30th December 1870, No. 1685.

The estimate received with the foregoing letter will be returned for revision, with a view to its being reduced to a total amount of Rupees 1,500.

2. It is not necessary or desirable that the privy and cook-room should be under the roof of the main building, or of such an expensive character.

Returning, for revision, the estimate submitted by
 the Superintending Engineer, 7th Division, for con-
 verting "the Bonded Warehouse" at Cochin into

immediately the orders of Govt
are received -

3 The cause of the difference
between the two Estimates being of
insignificant a sum is that the
existing accommodation in the
building, to be converted, is consi-
derably greater than that provided
in the plan for the entirely new
Building, as this increased space
will doubtless render the Building
a more convenient & comfortable.

Hospital it would be a pity to destroy
it and therefore but little saving is
derived from the arrangement; while
to reduce it to the same dimensions
as the new Building, for which I think
an Estimate to be prepared, what with
pulling down, filling, rebuilding &c &c
the saving is so very little more that
I cannot recommend such a Plan
being adopted. I have the honor to be
