I am directed to acknowledge the receipt of your letter No. 1637, dated the 20th November last, relative to the proposed insertion in Charterparties of a clause which would make the rules in force on board French Vessels binding on the Commandant of English Ships taken up for the French Convoy Service.

In reply, I am to observe that the Protector of Shipwrecks at Madras appears to have misapprehended the subject of the recommendation made by the French authorities, which was to provide for the case of the employment of French Naval Surgeons on board English Vessels engaged for the conveyance of Shipwrecks to French Colonies.
