*Proceedings of the Madras Government, Public Department,
19th February 1870.*

No. 84. Read the following letter from the Secretary to the Government of India, Home Department, (Public,) to the Chief Secretary to Government, Fort Saint George, dated Fort William, 20th January 1870, No. 362.

I am directed to forward, for the information of the Government of Madras, extract paragraph 3 from a Resolution recorded by the Government of India in this Department, under date the 10th September 1869, on the subject of the gratuitous supply of medicines to Dispensaries, and to request that His Excellency the Governor in Council will fix for each Dispensary in the Madras Presidency the value of the medicines that should, in his estimation, be annually supplied to it from the Government Stores.

Extract paragraph 3 from a Resolution of the Government of India in the Home Department, (Public,) under date Simla, 10th September 1869.

On the other hand it seems reasonable that the gratuitous supply of medicines to Dispensaries should be more stringently limited, and the medical authorities should be called upon for a statement showing the average value of medicines supplied to each during the past two years, and the number of persons treated at each, in order to determine the value of the medicines that should, for the future, be supplied gratuitously to each.

No. 85. ORDER THEREON, 19th February 1870, No. 208.

Communicated to the Inspector-General of the Indian Medical Department, who will furnish a statement of the description referred to in the enclosure of the foregoing letter, reporting at the same time the value of the medicines that should, in his opinion, for the future, be annually supplied from the Government Stores to each Dispensary.

2. It is observed that the "Towns' Improvement Bill," which has been just introduced into the Legislative Council, provides for all charges connected with Dispensaries being defrayed from the funds raised from local sources.

Home Depart
Public

I am directed to forward, for the
information of the Government of
Madras, the following paragraphs of a
Resolution recorded by the Government
of India in this Department, under
date the 10th September 1869, for the sub-
ject of the gratuitous supply of medicines
to Dispensaries, and to request that His
Excellency the Governor in Council will
fix for each Dispensary in the Madras
Presidency the value of the medicines
that should, in his estimation, be

annually

annually supplied to it from the Govern-
ment stores.

I have the honor to be,
Sir,

Your most Obedt. Servant,

C. Clarke
