Proceedings of the Madras Government, Public Department,
1st April 1870.

No. 4. Read the following letter from the President of the Municipal Commissions in North Arcot, to the Acting Chief Secretary to Government, Fort Saint George, dated Ponamary, 24th February 1870, No. 13.

I have the honour to submit, in the prescribed forms, the estimates of receipts and charges for the ensuing official year 1870-71, pertaining to the Municipality of Wallajahpetta. With these is a statement of the probable cost of the town constabulary furnished by the Superintendent of Police, and a list of the persons whom it is proposed to appoint or re-appoint as Commissioners.

2. The amount which the Municipal Commissioners contemplate expending during the year is Rupees 13,282-4-0. If from this be deducted the Rupees 1863 which it is proposed to devote to purposes other than those specified in Section 25 of Act X. of 1865, the Government contribution on the balance, viz., Rupees 11,419-4-0, will amount to Rupees 2854-13-0. The receipts have been estimated at Rupees 9825. These, with the assumed balance in hand, Rupees 602-7-0, (the accounts have not yet been audited but will be closed as soon after the expiration of the current official year as possible,) make up an aggregate income of Rupees 13,282-4-0 which is the amount required.

No. 5. ORDER THEREON, 1st April 1870, No. 375.

The estimates of the Municipality of Wallajahpetta, for the year 1870-71, exhibit receipts and expenditure to the extent of Rupees 13,282-4-0.

The receipts are drawn from the sources noted in the margin, and are made up of current receipts Rupees 9825, balance Rupees 602-7-0, and State contribution Rupees 2822-13-0, not Rupees 2854-13-0 as calculated. The receipts will, therefore, be Rupees 32 less than the Commissioners estimate, or Rupees 13,250-4-0.

3. The Government observe that to collect a revenue of Rupees 4500 from tolls, a special establishment costing Rupees 792 for the year is maintained. This does not include an allowance for the supervision, which, it is presumed, the Manager, and the regular office, exercise over the special establishment. The charges are, however, 17-6 per cent. of the collections, which is exceedingly high. The Commissioners would probably find the contract system more satisfactory. The cost of establishment altogether is high. It amounts roughly to one-fourth the collections, and one-half the expenditure with which it has to deal, and to one-sixth of both together.

4. The allotment of Rupees 96 for the pay of gardeners, an item disallowed in the estimate of the current year, (G. O., 18th May 1869, No. 643, Public
