*Proceedings of the Madras Government, Public Department,
9th April 1870.*

Read the following papers :—

No. 64. Proceedings of the Government of India in the Financial Department, dated Simla, 30th June 1869, No. 1719.

Read an Endorsement by the Home Department, No. 48, dated 8th February 1869, on an application from the Sanitary Commissioner with the Government of India, regarding the establishment required for the statistical branch of his office.

Read Financial Office Memorandum, No. 1420, dated 6th March 1869, calling for some explanation on the subject.

Read reply from the Home Department, No. 168, dated 22nd May 1869, forwarding an amended proposal from Colonel Malleison.

Read an Extract from the Proceedings of Government in the Home Department, No. 253, dated 16th June 1869, appointing Surgeon J. M. Cunningham to be Sanitary Commissioner in succession to Colonel Malleison, and abolishing the office of Secretary to the Sanitary Commissioner—also expressing an opinion that similar changes might properly be made in Madras and Bombay, and a saving be made in the office establishment of the Sanitary Commissioner.

RESOLUTION.—The orders for all needful inquiries as to economy in the Sanitary Commissioner's Office having issued through the Home Department, the Governor-General in Council now directs that the question of the proper establishment for the Statistical Department should be again considered in connexion with the reorganization of the Department just made, and the result reported on the whole.

2. It should also be borne in mind that, when the Secretaryship to the Sanitary Commissioners in Madras and Bombay is abolished, the subject of reorganizing the office establishment in those Presidencies will have to be considered.

Ordered that the foregoing be sent to the Home Department and the Comptroller-General of Accounts, a copy of the communication from the Home Department, No. 253, dated 16th June 1869, being sent to the latter.

*Proceedings of the Madras Government, Public Department,
9th April 1870.*

No. 65. Proceedings of the Government of India in the Financial Department, dated Simla, 25th October 1869, No. 4342.

Read Endorsements by the Home Department, No. 409, dated 15th September, and No. 428, of the 23rd September last, forwarding, with remarks, Proceedings of the Government of Madras sanctioning an additional monthly expenditure by the Sanitary Commissioner of Rupees 200 on his office establishment with permission to re-organize the office in the manner proposed by him, and approving of certain arrangements for carrying out the inquiry into cholera in India, and the new system of registering births, deaths, and marriages.

RESOLUTION.—The Madras Sanitary Commissioner has already almost doubled the establishment allowed in Bombay, and if the Madras proposals were sanctioned, the cost would be nearly as great as that incurred for the office of Sanitary Commissioner with the Government of India, who has to deal with an immensely large number of men, Europeans and Native troops, jails, &c., in the whole of this Presidency. The Governor-General in Council, therefore, is not able to allow any increase. The Sanitary Commissioner should be called upon to reduce his establishment to something nearer the Bombay standard.

Ordered that a copy of the above Resolution be communicated to the Home Department, and the Accountant-General, Fort Saint George.

Assist. Secy. to the Govt. of India.

Copy forwarded to the Government of Madras, with reference to communications thence, Nos. 1073 and 1085, dated the 3rd August last.

HOME DEPARTMENT, By order,
SANITARY, FORT WILLIAM, (Signed) J. GEOGHEGAN,
30th November 1869. *Under Secy. to the Govt. of India.*

Referred to the Sanitary Commissioner for early report.

FORT SAINT GEORGE, (Signed) R. S. ELLIS,
17th December 1869. *Chief Secretary.*

No. 66. From the Sanitary Commissioner for Madras, to the Chief Secretary to Government, Fort Saint George, dated Madras, 10th February 1870, No. 140.

I have the honour to reply to your Memorandum of 17th December, directing me to report upon the Resolution of the Government of India in the Financial Department, No. 4342, of 25th October, regarding the reduction of my office establishment. The order was received during my absence on tour of inspection; hence the delay in reply.

The order is imperative, and it only remains for me to state that, after due consideration, the only reduction I am able to suggest, without seriously impairing

*Proceedings of the Madras Government, Public Department,
9th April 1870.*

the efficiency of the office, is the abolition of the appointment of "Examiner of Correspondence and Record-keeper," whose salary is Rupees 50 per mensem, and one peon on Rupees 7; total Rupees 57 per mensem, or Rupees 684 per annum.

3. These reductions, I would respectfully request, may be considered subject to re-consideration on the restoration of the finances of the empire to a more healthy condition.

4. The loss of my Secretary must be taken into consideration in contrasting my office establishment with that of the Sanitary Commissioner for Bombay. A good Secretary is an invaluable aid, both in the general and statistical departments, and such aid the Sanitary Commissioner for Bombay has still the advantage of.

5. Since the loss of my Secretary, I have been obliged to transfer much of the duties he performed to the Manager of my office, an intelligent and highly deserving public servant, and whose salary, when the nature of his duties and responsibilities are considered, must be pronounced to be very small; and I venture to hope that, at some future period, sanction may be obtained to the increase solicited in my letter, No. 2637, of 16th July 1869, published in Proceedings of Government in the Public Department of the 3rd August.

No. 67. From the Officiating Sanitary Commissioner for Madras, to the Under Secretary to Government, Fort Saint George, dated Madras, 17th March 1870, No. 332.

With reference to your Docket, No. 38, dated 15th ultimo, I have the honour to forward the revised tabular statement of my office establishment therein called for.

Government of India, who has to deal with an immensely large number of men Europeans and native troops. In the whole of this Presidency, the Governor General in Council therefore is not able to allow any increase. The Local Commissioner should be called upon to reduce his establishment to something nearer the Bombay standard.

Ordered, that a copy of the above Resolution be communicated to the Home Department and the Accountant General of India and the Secretary to the Govt. of India.

OFFICE OF SANITARY COMMISSIONER,

Madras, 10th February

1870

From

To
The Sanitary Commissioner for Madras,
The Chief Secretary to Government,
Public Department,
Fort Saint George.

SIR,

I have the honor to reply to your memorandum of 17th December, directing me to report upon the resolution of the Government of India, in the Financial Department, No. 4342 of 25th October, regarding the reduction of my office establishment. The order was received during my absence on tour of inspection, hence the delay in reply.

The order is imperative, and it only remains for me to state that, after due consideration, the only reduction I am able to suggest, without seriously impairing the efficiency of the office, is the abolition of the appointment of "Transcriber of Correspondence and Record-keeper", whose salary is Rupees 50 per annum, and one Clerk on Rupees 7 - total Rupees 57 per annum or Rs. 684 per annum.

These reductions I would respectfully request may be considered subject to reconsideration on the restoration of the finances of the Empire to a more healthy condition.

The loss of my Secretary cannot be taken into consideration in contrasting my Office establishment with that of the Sanitary Commissioner for Bombay. A good Secretary is an indispensable aid, both in the general and statistical departments, and though the Sanitary Commissioner for Bombay has still the

the advantage of.

5. Since the loss of my Secretary, I have been obliged to transfer much of the duties he performed to the Surgeon of my Office, an intelligent and highly deserving public servant, and whose salary, when the nature of his duties and responsibilities are considered, must be pronounced to be very small; and I venture to hope that at some future period, sanction may be obtained to the increase solicited in my letter ¹²⁶³⁷ of 16th July 1869, published in Proceedings of Government in the Public Department of the 2nd August.

I have the honor to be

Sir

Your most obedient servant,

J. Manning
