No. 73. Read the following letter from the Acting Collector of Bellary, to the Acting Chief Secretary to Government, Fort Saint George, dated Gadakul, 2nd March 1870, No. 22.

With reference to Government Order, No. 1274, dated 15th October 1867, in which it was stated that, in the event of collections exceeding the estimates, Government would be prepared, on receipt of statements of actual collections in Municipalities, to contribute a further proportionate amount, I have the honour to forward a statement showing the collections in the Municipality of Adoni for the 3rd quarter of the current year, viz., from November 1869 to February 1870, and to request that sanction for the sum in excess of the Government grant, viz., Rupees 602-10-0, may be accorded.

No. 74. ORDER THEREON, 11th April 1870, No. 428.

The order quoted by the President was intended to regulate the payment of the sanctioned Government contribution in aid of Municipal Funds by instalments during the year ; but it did not authorize the payment to the Commissioners of a larger sum than that sanctioned in the estimates. Sums claimable in excess of the sanctioned contribution are left for adjustment after the close of the year when the accounts are audited.

2. In the case now referred for orders, the Commissioners of Adoni have received Rupees 1753-14-3, and the sanctioned contribution being Rupees 2343-12-0 (not Rupees 1975) the difference Rupees 589-13-9 may now be disbursed, as a sum greater than four times the estimated contribution has been collected. The Government gather from the statement submitted that the receipts from tolls have more than trebled the estimate.

Proceedings of the Madras Govt

Read the following letter
from the Dy. Collector
of Bellary
dated 2nd March 1870-72.

Order thereon. Madras 1870-72

JDS.

Para 1 is not very clear
true. I infer that all
we mean to say is
that the order in
question was not in-
-terfered with. sanction
the payment during
the year of more
than the sanctioned
contribution - based on the
estimated receipts
a minimum

The order quoted
by the President was
intended to regulate
the payment during the
year of the sanctioned
Government Contribution.
The instalments are
advances, and the effect
the order is that the Com-
missioners are allowed
to anticipate the receipt
of the later instalments
by getting in more than
the sanctioned bulk
their collections in the
earlier quarters of the
year. But the order did
not

not authorize the pay-
ment to the Commissioners
of a larger sum than that
sanctioned in the estimate,
for the obvious reason
that, as the State Con-
tribution depends on
expenditure during the
year as well as collections,
it cannot be determined
till the year has closed
whether the Commissioners,
by virtue of expenditure
as well as receipts, are
entitled to the excess.
Adjustments involving
additional payments
in account of the contri-
bution are expressly
sanctioned by Government
on reviewing the audited
accounts of the whole
year.

2 In the case now
referred for orders the
Commissioners of Police

the sanctioned con-
tribution being left
for subsequent appro-
priation in case the
Commissioners should

G. O. 12th March 1869. P.
300, para. 2 - P. A. Dept.

have received Rs. 1,753-11-1/2
and the sanctioned Con-
tribution being Rs. 2,343-12-0
(not Rs. 1,975) the difference
Rs. 589-13-9 may now
be disbursed, as a sum
greater than four times
the estimated contri-
bution has been collected.
The Government gather
from the statement
submitted that the
receipts from tolls have
more than trebled
the estimate.
