

MADRAS RECORD OFFICE.

Government of Madras.

Police DEPARTMENT.

G.O. No.	430	Press Mis.
Dated	12-4-	1870

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Department,
12th April 1870.

Read the following papers :—

No. 77. From the President of the Municipal Commission, Kurnool, to the Acting Chief Secretary to Government, Fort Saint George, dated Kurnool, 12th February 1870, No. 4.

I have the honour to forward, according to Government Order, No. 820, dated 11th July 1867, the estimates of probable receipts and disbursements to be incurred in the Municipality of Kurnool for the year 1870-71.

2. I forwarded estimates according to Government Order, dated 30th July 1868, No. 2426, Public Works Department, on the 18th December 1869.

3. Since then it has been found necessary to make some changes.

4. In Statement C., the estimate of receipts, there is an increase of 75 rupees on account of rent to be received from the Police for the new lines lately completed, and in the balance there is an increase of Rupees 1600. When the former estimate was framed, I considered the balance would only amount to Rupees 1400; but as the close of the year approaches, it is probable that the balance may be Rupees 3000. As the expenditure will be greater the Government contribution will be proportionately increased.

5. I have, therefore, been able to increase the amount of estimate for new works in Statement A. to Rupees 2200. The construction of Gadidimadugu street is a most important work. This street has to be widened out and metalled, and compensation will have to be made for houses which will have to be purchased. I have also added 30 rupees to the drain in Goldsmith street.

6. For repair works, 100 rupees have been added for repairs of the latrines, and 40 rupees towards the repairs of the Zorapur road, and I have introduced 100 rupees for repairs of Police huts, which were not completed when I sent in my former estimate.

7. The Conservancy No. III. charges have been increased by Rupees 72 on account of an extra peon, at six rupees per mensem, as it has been found from experience that one peon is not sufficient to assist the Nuisance Inspector.

8. To the estimate cost of the establishment 90 rupees have been added, as the heads of the office have been in the service for a considerable time, and, unless their pay is somewhat enlarged, the Municipality will not be able to keep them from seeking more lucrative employment elsewhere.

9. The remainder of the increase has been allotted for purposes other than those specified in the Act.

10. The subjoined statement shows the increase in receipts and expenditure above the estimates I sent in on the 18th December 1869 :—

<i>Increase Receipts.</i>		<i>Increase Expenditure.</i>	
	RS.		RS.
Balance	1,600	New works	1,726
Police Hut-rent... ..	75	Repairs	240
Government contribution...	532	Conservancy	72
		Establishment	90
		Purposes other than Section 25	79
Total...	2,207	Total...	2,207

Proceedings of the Madras Government, Public Department,
12th April 1870.

11. The following is a list of Commissioners I recommend for the year:—

12. A copy of these estimates will be sent according to Government Order, dated 31st August 1868, No. 1039, to the Secretary to Government in the Public Works Department.

13. It is not proposed to have any work carried out by the Department of Public Works.

No. 78. From the President of the Municipal Commission, Kurnool, to the Under Secretary to Government, Fort Saint George, dated Kurnool, 22nd February 1870, No. 8.

With reference to your Official Memorandum, No. 43, dated 19th February 1870, I have the honour to furnish a statement of particulars of the estimated expenditure of Rupees 4348-0-1 for purposes other than those specified in Section 25.

No. 79. ORDER THEREON, 12th April 1870, No. 430.

The Municipal Estimates for the town of Kurnool show that the Commissioners propose to raise by local taxation, as particularized in the margin, a sum of Rupees 15,675; and including the balance estimated at Rupees 3000, and the Government contribution Rupees 4733-10-7, (reduced as explained below,) the income of the Municipality for 1870-71 will be Rupees 23,408-10-7.

The estimate should have shown the estimated amount of the late instalment of the State contribution for the current year, and of the three instalments of that for 1870-71; but the Government will pass the items as entered believing that the exact sum will not exceed the amount above given.

2. The expenditure will be as follows:—

	RS.	A.	P.
New works.....	2,280	0	0
Repairs.....	970	0	0
Conservancy.....	6,780	0	0
Police.....	6,498	10	6
Establishment.....	2,406	0	0
	18,934	10	6

Purposes other than those specified in Section 25—

	RS.	A.	P.
Irrigation Company for water supply.....	4,000	0	0
Refunds of taxes if drawn in excess.....	150	0	0
Planting avenue trees.....	198	0	1
Bullocks for watering trees.....	168	0	0
	4,516	0	1
Total.....	23,450	10	7

Proceedings of the Madras Government, Public Department,
12th April 1870.

3. The Government remark that the provision for the repair of roads is of very trifling amount. They have transferred the item Rupees 168 for bullocks for watering avenue trees from conservancy, as the charge is not one properly falling with Section 25, and the effect of the transfer is to reduce the Government contribution by Rupees 42. The Government presume that the item, "Refunds of taxes," refers to taxes of 1869-70, in which case the item is rightly entered under "Purposes other than those specified in Section 25." If, however, it relates to receipts from current rates and taxes, it should have gone merely to diminish the estimated receipts from those sources. The gross expenditure is slightly in excess of the income; but if the difference cannot be met from savings, the expenditure on avenue trees must be diminished.

4. The estimates, as now modified, are sanctioned. The usual notifications will be published in the *Fort Saint George Gazette*.

Gurnool Municipal Board
12th February 1870

to
Messrs,

J. A. T. Chase Esq.

President to the M. C.

Gurnool

To

The Chief Secretary
to Government
Fort Saint George

Sir,

I have the honor to
forward, according to Government
Order c 10 820, dated 11th July 1867,
the estimates of probable receipts
and disbursements, to be incurred
in the Municipality of Gurnool
for the year 1870-71.

2 I forwarded estimates
according to Government Order dated
30th July 1868 c 10 2426, Public Works
Department, on the 18th December
1869.

3 Since then it has been
found necessary to make some
changes.

4. In statement C, the estimate of receipts, there is an increase of Rs. 1000 on account of Rs. 1000 received from the Police for the 2 new Lines lately completed, and in the Balance there is an increase of Rs. 1600. When the former estimate was framed, I considered the balance would only amount to Rs. 1400, but as the close of the year approaches, it is probable that the balance may be Rs. 3000. As the expenditure will be greater the Government contribution will be proportionately increased.

5. I have therefore been able to increase the amount of estimate for 2 new Works in statement A, to Rupees 2200. The construction of Kadidimundye street is a most important work. This street has to be widened on both sides, and compensation will have to be made for houses

which will have to be purchased.

I have also added 30 Rs to the drain in gold smith street.

6 For repair works, 100 Rs - have been added for repairs of the latrines, and 40 Rs towards the repairs of the Morapur road, and I have introduced 100 Rs for repairs of Police huts, which were not completed when I sent in my former estimate.

7 The conservancy to the charge have been increased by Rs 72 on a basis of one extra peon, at 6 Rs per mensem, as it has been found from experience that one peon is not sufficient to assist the Muzamdar.

8 To the estimate cost of the establishment 90 Rs have been added, as the heads of the Office have been in the service for a considerable time, and unless their pay is somewhat enlarged, the Municipality will not be able to keep them.

making more lucrative employ-
ment elsewhere.

9. The remainder of the
increase has been allotted for
purposes other than those
specified in the Act.

10. The subjoined statement
shows the increase in receipts
and expenditure above the
estimated amount in the
18th December 1869.

Under file
12 April 1870

Public Department

PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following

~~President Municipal~~
~~Memorandum~~
(H.E. 12th & 22nd April)
No. 4 and 8

Order thereon

12 April 1870, No. 43, 44

Rates on houses and buildings	5000
Tolls	200
Tax on carriages & animals	200
Registration of carts	200
Fees for licenses	200
Fines & miscellaneous	1000
Balance	5000
Govt Contribution	2000

The Municipal Estimates for the year 1870 show that the Commission for the year to raise by local taxation, a contribution in the margin, a sum of Rs 15,675, and including the balance estimated at Rs 3000, and the Govt contribution Rs 4733-10-7 reduced as explained below the income of the Municipality for 1870.

[Signature]

will be 18,934-10-6
 The estimate should
 have shown the estimated
 amount of the call
 in statement of the
 State for the year, and
 of the three instalments
 of that for 1870, but
 the Government will place
 the items as entered
 believing that the ad-
 min will not record
 the amounts above
 given.

The expenditure
 will be as follows:
 Repairs
 Maintenance
 Police
 Establishment
 Purposes other than those
 specified in Section 25.
 Irrigation, for water
 supply
 Repairs of canal, drains
 in villages
 Planting in canal
 Bureaux, etc.

	Rs.	A.	P.
Repairs	2280	-	-
Maintenance	970	-	-
Police	6780	-	-
Establishment	6498	10	6
Purposes other than those specified in Section 25.	2406	-	-
	18,934	10	6

The Government must
 treat this provision for the
 repair of roads as a
 trifling amount. They
 have the year's
 item Rs 168 for bullocks
 for watering and
 trees from conservancy.
 The charge is not
 properly falling within
 Section 25 and the effect
 of this transfer is to
 reduce the Government
 contribution by Rs 42. The
 Government believe that
 this item, "repairs of roads,"
 refers to taxes of 1869-70,
 in which case the item
 is rightly entered under
 "purposes other than
 those specified in Section 25."
 If however it refers
 to receipts from current
 rates and taxes, it should
 have gone merely to
 diminish the estimated
 receipts from those sources.

The gross expenditure
is slightly in excess of
the income; but if the
difference cannot be
made good, the
expenditure in arrears
tills must be diminished.
The estimate
is now modified
and sanctioned. The
usual notifications
will be published in
the Fort St. George Gazette.
