Proceedings of the Madras Government, Public Department,
 12th April 1870.

No. 99. Read the following letter from the President of the Municipal Commission, Conjeveram, to the Acting Chief Secretary to Government, Fort Saint George, dated Oottukottah, 1st March 1870, No. 4.

I have the honour to forward, herewith, for sanction, an estimate showing the probable receipts and disbursements of the Municipality at Conjeveram for the year 1870-71.

No. 100. ORDER THEREON, 12th April 1870, No. 439.

The Municipal Commissioners of Conjeveram propose to avail themselves, in 1870-71, of all the sources of income (except the land rates) allowed by the Act, and expect to raise Rupees 18,350 as shown in the margin. They have estimated the Government contribution at Rupees 5880, but this amount will be reduced to Rupees 5480 by re-arrangement of the items of expenditure as explained below, and the income of the

Commissioners will amount to Rupees 23,830. The estimate of the contribution should have been made up of the estimated amount payable, after adjustment, on account of the current year, and three instalments of the contribution for 1870-71.

2. The item "Subscription to the Civil Dispensary," Rupees 1200, must be transferred to purposes other than those specified in Section 25. The sum of Rupees 600, provided for expenditure during the great festival, is properly a conservancy charge, and is transferred to that head. The other "Miscellaneous charges" should, according to the prescribed forms, be grouped as a minor head under "Establishment," and should not have been separately shown in Statement B. The expenditure for purposes other than those specified in Section 25 being by the transfer increased, the sum on which the State contribution will be calculated is diminished; and a retrenchment of Rupees 400 in some of the items of expenditure under Section 25 is rendered necessary. It appears to the Government that this may most conveniently be made from the large provision, Rupees 7000, made for newly metalling streets in the town. The revised statement of expenditure will be as follows:—

	RS.	A.	P.
New works	6,600	0	0
Repairs	392	0	0
Conservancy	7,785	0	0
Police	5,005	1	2

Subscription to the Dispensary	1,910	0	0
Total	23,830	0	0

Proceedings of the Madras Government, Public Department,

12th April 1870.

3. The estimates as now modified are sanctioned. A notification regarding the rates and taxes will be published in the *Fort Saint George Gazette*. The President will submit, without delay, a list of the Commissioners nominated for the year 1870-71 for sanction and publication in the same manner.
