Read the following papers :—

No. 112. From the Collector of Cuddapah, to the Chief Secretary to Government, Fort Saint George, dated Cuddapah, 12th March 1870, No. 9.

Adverting to the Government Order, Public Department, dated 17th instant, No. 273, directing that the Assistant Apothecary at the Branch Dispensary at Madanapully be replaced by a Hospital Assistant, on the ground that the present subscriptions only amount to Rupees 58, I have the honour to state that the present income and expenditure of the Branch Dispensary is just about double that sum, and to beg that the Government will be pleased to countermand the execution of this order in the Medical Department until I can ascertain from Madanapully the actual present and the prospective income of the establishment.

2. Rupees 60 is the sum arising from interest on funded capital, which is remitted monthly to the Branch Dispensary from the General Dispensary Fund of the district, and the local subscriptions, I believe, amount to just about as much more.

3. As Doctor Chamberlain's Mission Society have prohibited his association with the institution beyond six months from the time it was started ; as there is no other Medical Officer within 80 miles of Madanapully ; and as the institution, as at present conducted, manifestly supplies a great want, and promises to be a complete success, I earnestly trust that, as the Order of the Government of India is evidently based on a misunderstanding of the facts, and as it is of the last importance to the success of this most excellent institution that it should, in the absence of any Medical Officer, remain in no less competent hands than those of Mr. Ward, the skilful Assistant Apothecary now in charge, the Government will consent to postpone the execution of their order in view towards making a further representation to the Government of India on accurate information, which I shall lose no time in furnishing to them.

No. 113. From the Collector of Cuddapah, to the Chief Secretary to Government, Fort Saint George, dated Cuddapah, 19th March 1870, No. 10.

Adverting to my letter, dated 12th instant, No. 9, I have the honour to subjoin a communication from my Acting Sub-Collector from which the Government will observe that, in addition to the sum of Rupees 60 furnished from the General Dispensary Fund, the local subscriptions to the Branch Dispensary amounted to Rupees 49 in last month.

2. There was no necessity to collect more owing to the alterations to the building in order to the admission of in-patients not having been completed. From next month there will be in-patients, and I have no doubt whatever that the local subscriptions will amount to Rupees 60. I believe there are few dispensaries where the expenditure exceeds Rupees 120 per mensem.

From the Acting Sub-Collector of Cuddapah, to the Collector of Cuddapah, dated Gurrumconda, 16th March 1870, No. 78.

With reference to your foot-note, No. 85, on Government Order, No. 273, of 7th March 1870, (Public,) requesting to know the actual amount of present monthly subscriptions to the Madana-

Proceedings of the Madras Government, Public Department,

13th April 1870.

pullu Dispensary, and the permanent amount that may be expected in future, I have the honour to inform you that the subscriptions for last month amounted to Rupees 49, making with the Rupees 60 from funded capital a total sum of Rupees 109 available for expenditure.

2. I have every hope that, if the Dispensary is continued on its present footing, a still larger amount than this will be realized. Should, however, the Apothecary be removed, and a Hospital Assistant substituted, there is no doubt that the subscriptions will fall off.

3. As, owing to the difficulty in obtaining skilled labour, the alterations in the building necessary for converting it into a hospital for in-patients are only now in course of completion, and as the funds already available have till now been sufficient to meet all the current expenses exclusive of the diet, &c., of the in-patients, I have not as yet circulated the subscription book to many who, I believe, would willingly aid. No request for subscriptions has yet been made in two of the four Sub-division taluqs.

4. I would most earnestly deprecate the substitution of a Hospital Assistant for the Apothecary now in charge. Cases are continually occurring in which prompt surgical aid is required of a higher kind than can ordinarily be given by a Dresser, and the Dispensary at Cuddapah is too far to be availed of. I apprehend that, when the Local Funds Bill passes, there will be no difficulty in meeting any expenses connected with the Institution, and I trust matters may be allowed to remain on their present footing till then.

No. 114. ORDER THEREON, 13th April 1870, No. 454.

Pending a reference to the Government of India, His Excellency in Council authorizes the retention of an Assistant Apothecary in charge of the Dispensary at Madanapully.

(Signed) R. S. ELLIS,
Chief Secretary.

No. 115. To the Secretary to the Government of India, Home Department, dated Fort Saint George, 13th April 1870, No. 455.

I am directed, with reference to the letter from the Secretary to the Government of India, Home Department, dated 8th February last, to submit, for the information of the Government of India, that further inquiry has shown that the present subscription in support of the Branch Dispensary at Madanapully in the Cuddapah District is not, as supposed by the Government of India, 58 rupees per mensem, but 109 rupees, and that this amount will be shortly considerably increased.

2. His Excellency the Governor in Council has, therefore, deferred carrying out the instructions of the Government of India to substitute a Hospital Assistant for the Assistant Apothecary at present in charge of the Dispensary. His Excellency has been induced to do this, not only on account of the increased local support which it is now ascertained is given to the institution, but on account of the isolated position of Madanapully which is the head-quarters of the Sub-Collector and his establishment, and is distant eighty miles from any medical assistance, and because the Dispensary is now much resorted to by the inhabitants of a very considerable tract of country. This is owing in a great measure to the confidence felt in the skill of the officer at present in charge of the Dispensary.

3. I am further to state that this charge will not be permanent, and will be greatly reduced as soon as the Bills for local taxation now under consideration become law.

Proceedings of the Madras Government, Public Department,

13th April 1870.

4. Under these circumstances, His Excellency the Governor in Council trusts that the Government of India will re-consider their objection to the employment of an Assistant Apothecary at the Madanapully Dispensary.

(Signed) R. S. ELLIS,
Chief Secretary.

Memo for notice.

When the Govt of India
 decided the substitution
 a Hospital Assistant
 of an Apt. Apothecary on
 130 R. at the branch
 Dispensary at Madanabally
 Cuddalore district, they
 found this whenment
 on the fact that the
 subscriptions only amount
 to Rs 5-8.

The Collector represents
 that 60 R. monthly are
 furnished from the
 Cuddalore Dispensary

fund, raised by the
late collector Mr. Smith
and that the local
subscriptions amounted
to 49 Rs. per month
but that there will early
be increased to 60 Rs.
so that the real income
of the dispensary derived
from local subscriptions
is Rs. 120 per
mensem and not
58 as imagined by
the Govt of India.
