Proceedings of the Madras Government, Public Department,
13th April 1870.

No. 124. Read the following letter from the Directors of the Monegar Choultry, to the Right Honourable the Governor in Council, Fort Saint George, dated Madras, 21st March 1870.

We have the honour to submit the annual report and accounts noted in the margin, for the year 1869, of the several Institutions under our superintendence, viz., the Monegar Choultry, the Native Infirmary, the Asylum for Foundling and Stray Children, and the Vencatagherry Rajah's Charity.

1. The Cash Accounts of the Treasurer.
2. A List of Subscribers and Donors to the Institution.
3. The Superintendent's Report and Statements.
4. The Surgeon's Report.
5. Abstract of expenses incurred on account of Foundling and Stray Children during the year 1869.
6. Abstract of Expenses incurred on account of Vencatagherry Rajah's Charity during the year 1869.

2. The average daily number of paupers including foundling and stray children maintained throughout the year in the Monegar Choultry was 204, while in 1868 it was 193, or eleven more per diem during the year under report.

3. The average cost per diem of each pauper in the Choultry was one anna and eight pies; of each patient in the Infirmary two annas and one pie; and of each child in the Foundling Asylum eleven pies.

4. The expenditure under all heads, noted in the margin, amounted in the

aggregate to Rupees 15,486-14-10, while in the previous year it aggregated to Rupees 16,950-5-1, the decrease being Rupees 1463-6-3.

5. The receipts during the year 1869 was Rupees 19,544-15-7 (irrespective

6. With reference to the donation of 10,000 rupees from the Maharajah of Vizianagrum for the purpose of building a ward for bed-ridden paupers, and for the maintenance of the necessary attendants, we have the honour to state that Rupees 3000 of this sum have been

invested in Government Securities, the interest of which will have to be applied for the maintenance of two attendants; and the remaining 7000 rupees are available for the building of the ward which is about being commenced.

7. With reference to paragraph 14 of our report for the last year, we have the honour to state that one of the blocks of the new Choultry has been finished during the year, and is now in the occupation of paupers; and the foundation of another has been laid, and the building is in progress.

*Proceedings of the Madras Government, Public Department,
13th April 1870.*

8. Considerable alterations and improvements have been made to the quarters in the occupation of the Apothecary of the Infirmary, as recommended by Dr. vanSomerén, the Surgeon of the Institution.

9. It affords us great satisfaction to state that Lord Napier and the Hon. R. S. Ellis have kindly undertaken to build a school in the compound of the Choultry for the children of the inmates and of the neighbouring poor; and Lord Napier having further intimated his pleasure to pay for a Schoolmaster during his stay in India, advantage was taken of His Lordship's kindness to establish this school. As a temporary measure it is now in a tiled shed on the ground of the Choultry, in which a master is employed on Rupees 15 per mensem, the education being, at present, limited to instruction in reading, writing, and arithmetic in the Tamil language. The school is now attended by twenty boys and twelve girls; eight of these children belong to the outside poor.

10. The building of the proposed school is now under construction by Mr. Chisholm, the Civil Architect.

11. As requested in the Proceedings of Government, dated 12th March 1869, No. 402, Judicial Department, in consequence of the want of accommodation in the Government Lunatic Asylum, we have, as a temporary measure, given accommodation to seventeen male idiots; we trust, however, that, at an early date, the Institution will be entirely relieved of this charge, as we have not the necessary means at our disposal for the proper care and custody of insane persons.

12. We take this opportunity to request the sanction of Government for the pay of the servants, noted in the margin, amounting in the aggregate, up to 28th February 1870, to Rupees 227-14-11, (which has been already disbursed from the funds of the Choultry.) This small establishment was necessary for the cleanliness and custody of the idiots during their retention in the Choultry.

13. An order of Government is required for the payment of this amount, which has been refused by the Examiner of Claims in the absence of special sanction.

14. We beg to state that the charity of the Vencatagherry Rajah has been carried out in its integrity according to his wishes during the year. An average of 70 in-door paupers are clothed and fed per diem, and 103 outside paupers are supplied with raw rice daily at the rate of two ollocks per person.

Two Peons, at 7 rupees each	14	0	0
One Scavenger	5	8	0
Total...	19	8	0

*Proceedings of the Madras Government, Public Department,
13th April 1870.*

15. In conclusion it is satisfactory to state that no less a sum than Rupees 3980-8-0 has been subscribed by natives towards the general Fund of the Choultry during the year under report; 2000 rupees of this, however, was contributed by the Rajah of Calastry, and 1000 rupees by the Hon. Goday Narrain Gazapathy Row. The subscriptions from Europeans and other sources amounted to Rupees 2614 aggregating Rupees 6594-8-0.

No. 125. ORDER THEREON, 13th April 1870, No. 466.

His Excellency the Governor in Council has perused with much satisfaction the report submitted by the Directors on the condition during the past year of the Monegar Choultry and the institutions connected with it.

2. The receipts from subscriptions and donations show a very large increase over those of the preceding year, and the Institution has received from the Maharajah of Vizianagram the munificent gift of 10,000 rupees to be devoted to the building and maintenance of a ward for bed-ridden paupers.

3. The Directors are able to report that considerable progress has been made in the new buildings of the Choultry, and that a school has been opened which is attended by thirty-two of the children who are inmates of the Choultry and by eight poor children from the neighbourhood.

4. The Directors represent the necessity of their being relieved from the charge of the seventeen male idiots which were temporarily located at the Choultry pending the completion of the new Lunatic Asylum at Locock's gardens. Sanction is also requested for the payment of a sum of Rupees 227-14-11 for the establishment required for the care of these lunatics.

5. The Accountant-General is directed to pass the bill for this amount, and the necessary orders will be issued in the Public Works Department to expedite the completion of the new Asylum with the least possible delay.

6. His Excellency in Council is pleased to direct that the report, with the Treasurer's account-current for the year 1869, be published in the *Fort Saint George Gazette*; and that the thanks of Government be tendered to the Directors for the interest they have taken during the past year in the management of the affairs of the Institution.

(Signed) R. S. ELLIS,
Chief Secretary.

for the month of February 1870

Monegar Choultry

Gentlemen

I have the honor to submit my
Account and to have to connect with the
branches of the Institution for the year 1869.

Number of Paupers, Sick and Foundlings
maintained on an average per

	Day	month	year
In 1868	193	5868	70417
In 1869	204	6185	74220
Increase	11	317	3803
Expenditure in 1868 Rupees	16950	5	1
Do 1869	15426	4	10
Decrease	1463	6	3

The comparative statement
shows that 3803 is the approxi-
mate increase in the number of
paupers maintained in the several
branches of the Institution compared
with the year preceding, and that
the expenditure is Rupees

which will be explained under their respective heads.

Paupers died in the Choultry

3 The number died in the

For 1868, on an average per day 128 and in 1869 -
decrease being 5 compared
preceding year, the approxi-
-mate the year was 1444
in the expenditure is Rupees

Number of Paupers died in the Choultry on an average per day	day	month	year
In 1868	128	3900	46795
In 1869	123	3756	45069

(Rs.)	1869		1 1/2
Increase			0

5 The number of admissions into the Infirmary during the year 1868 was 57, and in 1869 - 64 or 7 increase per day, the aggregate increase throughout the year is 4659, the expenditure being in excess by Rupees 652-3-8. The average excess being per head only 1/2 Pie per diem.

Contingencies

Expenditure			
In 1868	Rupees	514	14
In 1869	Rupees	542	10
Increase		28	6

6 The expenditure in the Native Infirmary in Rupees 514-14-1 the increase in the expenditure in Rupees 28-6-6. The increase in the expenditure is on account of the increase in the number of patients maintained during the year, there is also an increase of Rupees 15-11-2 in the Choultry, this increase is on account of a Picchotiah for the Well in the New Garden, and payment of 2 Mah. Nurses for 2 Foundling children. Under the head of clothing, there is

is a decrease of Rupees 1568-15-0, this is in consequence of clothing not having been purchased during last year, for the use of the Sick, a quantity remaining on hand and besides the old clothes having been utilized.

Establishment

7 There is a decrease of Rupees 495-15-5, in the Establishment, this is owing to 12 Idiots

In 1868. Rupees,	6245	8	5
In 1869 " "	5749	9	0
Decrease--	495	15	5

returned to the Choultry from the Idiot Asylum, 5 servants have been dispensed with, saving thereby Rupees 22-11-0 per month. The Idiots being employed in their stead.

Garden

8 The money, amounting to Rupees 22-11-0, realized from the Workshop and Garden has been distributed monthly to the Paupers employed in the Garden, Kitchen &c.

I remain
Gentlemen
Your Most Obedt. Servant

H. Barrow
Superintendent

Dependent to Dependent

^{Extract}
Annual Medical Report of
the Madras Native Infirmary
for 1869.

Station Madras
Number of Sick.

Remained 31 st December 1868	57
Admitted	1542
Discharged	1237
Transferred to Lunatic Asylum	2
Died	281
Remaining 31 st December 1869	73
Average daily No. of Sick in Hospital	61.25

I assumed medical charge of
the 1st District from Dr. Van Lennep
on the 21st March 1869.

The weather during the year was not
characterized by any remarkable feature
except that the heat in the second quarter
was unusually high. The North East mon-
soon set in rather late. Heavy showers
of rain fell about the beginning of Novem-
ber though not equal to the average.

The Infirmary consists of five separate
blocks

201706

Attached of expenses
incurred on account of
Venous Hospital (27.11.1869)
to be paid for 1869

201706

201706

blocks of masonry. Two for male and three for female patients.

1. The Northern Male Block, consists of
a. The Shafford Northern Male Ward
Surgical, which has thirteen beds—

b. 1st Surgical Ward, with six beds—

c. A Medical Ward, with eighteen beds—

2. The Southern Male Block, contains—

a. Three single bedded cells for special cases.

b. A Syphilitic ward, with four beds—

c. One for Cutaneous diseases with four beds

d. One for Ophthalmic patients, with three beds,

e. A luncheon room, and—

f. A Medical Store room.

3. The Northern Female Block has Medi-
cal Wards—

a. One containing six beds, and—

b. A second, with two beds for special or
dying cases.

4. The Western Block consists of two large wards.

a. The North-west Female Ward Medical Block
contains twelve beds—

b. The Western Female Ward Surgical
which accommodates twelve patients,

is now furnished with scarlet blankets, and
small tables, at the expense of His Excellency
the Governor.

5. The Southern block corresponds to the
Northern in every respect, but is allotted
to the treatment of surgical cases. This
ward has been furnished with blankets,
small tables, and the ventilating apertures
above the doors and between the roof
and supporting walls have been sup-
plied with wire netting at the cost of
the Honourable Gajapati Rai and is
named after the Shree Gooday's family.

The superficial space allotted to each
patient is 80 feet.

The Wards accommodate 37 male
and 60 female patients.

A Latrine is provided for each male block
and two latrines for the three female blocks.

The two Quarantine wards noted in last
year's report, as under construction, are
finished and afford accommodation
for 12 males and 8 females. They are well
ventilated.

A Lavatory for males and females is
much

much required in this large Institution. The want of one, and the substitution of the most primitive form of abridgement is much to be regretted. That one has not been erected must be an oversight, and I will bring the matter before the notice of the Directors of the Monegar Choultry.

The admissions and deaths were in excess of the previous year, consequently partly on the outbreak of cholera, which prevailed in rather a severe form throughout the district, and ^{partly} also on a large proportion of the admissions, consisting of the old, infirmed, and half-starved of the Town of Madras. These subjects are frequently brought into the Institution in a moribund condition, and death speedily ensues.

There have been one thousand five hundred and forty-two admissions in the year, including 148 from the Monegar Choultry, 66 from the Kistagerry Hospital, 18 from the Foundling Asylum, and 135 from the Town of Madras, which with the 87 remaining at the end of 1868 gives

gives a total of 1593 treated. There were two hundred and eighty-one deaths making the death rate 1 in 5.64 against 1 in 7.54 of the previous year.

Of admissions and deaths from 1865 I append the following table.

Years	Admissions	Deaths
1865	1386	328
1866	1590	433
1867	1185	273
1868	1390	190
1869	1542	281

In looking over the preceding table, the low death rate of 1868, is very noticeable, and is attributable doubtless to the absence of any Epidemic, and its having been generally a very healthy year. Contrasting this year with the other four quoted it must be remarked that the death rate in this Institution is generally high. This is owing not only

only to the hopeless condition of many when admitted, as has already been mentioned, but also to the evil results of a long course of Medical Mal-treatment.

The following tables will show the number of deaths that took place within 24 hours after admission and the various ages.

Table No. 1

Table of the number of deaths within 24 hours of admission.

1st hour	2nd hour	3rd hour	4th hour	5th hour	6th hour	7th hour	8th hour	9th hour	10th hour	11th hour	12th hour	13th hour	14th hour	15th hour	16th hour	17th hour	18th hour	19th hour	20th hour	21st hour	22nd hour	Total
4	6	3	5	1	6	4	8	7	6	3	7	4										

Table No. 2

Table of deaths from 1 to 80 years and upwards

1 to 10	10 to 20	20 to 30	30 to 40	40 to 50	50 to 60	60 to 70	70 to 80	80 to 90	90 to 100	Total
12	9	37	45	41	43	63	26	5		281

Table Exhibiting deaths at various ages which occurred amongst the inmates of the undermentioned Institutions.

Name of Institution	1 to 10	10 to 20	20 to 30	30 to 40	40 to 50	50 to 60	60 to 70	70 to 80	Total
Monegar Choultry		"	1	3	2	10	20	10	46
Kutubaghery Rajah's Choultry	1	"	"	"	"	3	5	3	12

Of the admissions noted in the Annual Return there were four hundred and sixty under the head of General Diseases, and ninety seven deaths, cholera forming the largest number, namely thirty two; Phthisis Pulmonalis Twenty seven, General Dropsy Twenty-four; Anemia Four; Brain Fever Two; Secondary Syphilis Two; Cancer two, and one from each of the following diseases, Typhoid, and Intermittent Fever, Tertiary Syphilis, and Cancer of the left chest.

The admissions from Phthisis and General Dropsy were invariably of long

long standing, the former often in the last stage of the disease and the latter frequently symptomatic of either cardiac, hepatic, or renal disease, or of all combined.

Local disorders. Under this head there were five hundred and fifty admissions, Cutaneous Affections. One hundred and twenty seven. Nervous System sixty nine Cellular Tissue forty-five. Urinary System thirty four. Respiratory System twenty four. Sixteen of the Genitativa, nine of the Locomotive System, six from diseases of the Eye. One of the Circulating System and two hundred and twenty seven of the Digestive System. Of the above the maximum of deaths was from the digestive system 163 out of 217.

Nervous System. Under this head Eighteen deaths occurred as follows, Tetanus Eight; Epilepsy Five; Paralysis Three; Apoplexy one; Meningitis one. Five deaths are recorded amongst the Urinary diseases. One from Urinary Calculi, occurring in an old debilitated subject. Three deaths from

from hepatic, and one from retention of Urine, in an old man, aged 65, who was brought in a dying state suffering from retention of Urine the result of neglected gonorrhoea of three years standing.

Under the head Cutaneous diseases. there were five deaths from Phagedenic Sloughing ulcers, occurring in worn out, debilitated emaciated subjects, in an advanced stage of asthenia.

Under the head Condition of life and General Debility, there were 186 admissions and 74 deaths showing clearly their nature. The death recorded from Poisons was one from Delirium Tremens in a man who was brought in a comatose state and died about 20 hours after admission.

Under the head of Injuries and Accidents there were 318 admissions and 9 deaths.

Epidemic Cholera broke out in the middle of the year and lasted till the beginning of October.

Foundling Asylum

Memorandum

Remained on the 31 st December 1868	15
Admitted	19
Discharged	13
Died	1
Remaining 31 st December 1869	20

The children are located in the same building as in the last year. There have been thirteen admissions against turning of 1868.

Two cases of cholera occurred from which one died, all the others were diseases of a mild character, except one constitutionally affected from scrofula.

The General Health of the Foundlings has been good, and when their appearance is contrasted with those outside, it cannot but be remarked that they are well fed, well clothed, well housed, and well cared for.

Public Department

Proceedings of the Madras Government

~~Proceedings of the Madras Government~~
~~dated 21 March 1870~~

Order Thereon 13 April 70 No 66

The Secretary to the Governor in Council has presented with much satisfaction the Report submitted by the District on the condition during the past year of the Madras Choultry and the institutions connected with it.

2. The Receipts from Subscriptions and donations show a large increase over those of the preceding year and the Institution has received from the Maharajah of Vizianagram the munificent gift of 10,000 Rs to be devoted to building and maintenance

18/4/70 N 468

of a ward for bed-ridden
paupers.

3. The Directors are able to
report that considerable pro-
gress has been made in the
~~new building~~ ^{Chantry}
~~which is a~~ ^{of the children who are}
inmates of the Chantry and
by 8 poor children from the
neighbourhood. The Directors
represent the necessity of their
being relieved from the charge
of the seventeen male desti-
tute which were temporarily housed
at the Chantry pending the
completion of the new female
asylum at Crook's Gardens.
Sanction is also requested
for the payment of a sum
of Rs 227-14-11 on the Bal-
ancement required for the
care of these inmates.

The accountant
is directed to pass
the bill for this amount,
and the necessary orders will
be issued in the Public
works

Works Department to expedite
the completion of the new
asylum with the least
possible delay.

6. His Excellency in
Council is pleased to direct
that the Report, with the
Treasury's Account Current
for the year 1869, be published
in the Fort St. George Gazette;
and that the thanks of Govt.
be tendered to the Directors
for the interest they have
taken during the past year
in the management of the
affairs of the Institution.

My dear Mr. Ellis,

The Honesau Choultry
Report has been sent up to
you a few days ago. There are
two vacancies in the Mission.
Jeyaraj & Pottu dead, and
Mr. Taylor absent. I would,
with great submission to you,
suggest Jeyaraj & Pottu, & Mr. Taylor,
the Aulakh in the absence of
affairs, a very decent and respect-
able man, and Mr. B. Leary,
the Master of Patchipah's
School

Mr. J. P. Morgan

Dear Sir,

I am writing to you

concerning -

the matter of the

proposed plan

to be submitted

to the board

of directors

of the company

and to the

shareholders

of the company.
