Proceedings of the Madras Government, Public Department,
13th April 1870.

Read the following papers :—

No. 127. From the President of the Municipal Commission, Coonoor, to the Chief Secretary to Government, Fort Saint George, dated Ootacamund 21st February 1870, No. 11.

I beg to forward, herewith, a list of Commissioners whom it is proposed to appoint or re-appoint for the Town of Coonoor, during the year ending 30th April 1871, and to request you will have the goodness to give due publicity to the same in the Fort Saint George Gazette.

No. 128. From the President of the Municipal Commission, Coonoor, to the Under Secretary to Government, Fort Saint George, dated Ootacamund, 25th February 1870, No. 13.

With reference to Circular, No. 40, Public Department, dated 17th instant, I have the honour to submit the estimates of receipts and expenditure of the Coonoor Municipality, for the year ending 30th April 1871, for the sanction of Government.

No. 129. ORDER THEREON, 13th April 1870, No. 468.

The Commissioners of Coonoor propose to raise Rupees 5350 from current sources provided for by the Municipal Act, and calculate on a balance of Rupees 107-7-3 from the current year's accounts. They have taken credit for a Government contribution of Rupees 2185-3-2 on the whole expenditure both under Sections 25 and under Section 29. The contribution, however, is to be calculated with reference to the receipts as well as the expenditure; and as the current

receipts, including the State contribution will, as shown in the marginal statement, be less than the expenditure under Section 25, they must limit the State contribution which will, therefore, be Rupees 1783-5-4. The particulars of Miscellaneous receipts should have been given; for if they are derived from sources not provided for by the Act, the Government contribution must be further

reduced. The Commissioners will have at their disposal Rupees 8540-12-7.

2. The estimate of expenditure amounts to Rupees 8740-12-7, or Rupees 200 in excess of that of the receipts as above revised. The necessary reduction can, it appears to Government, be most conveniently made from the allotment of Rupees 2000 for new brick-drains under new works. The corrected abstract of expenditure is given in the margin. The number and detailed cost of sweepers and bullocks should have been entered in Statement A. The occasion for a further allotment for the slaughter-house, in addition to Rupees 1110 provided in the last budget, should have been explained.

Cannoor dated 21st Feb/70
No 11 and 25th Feb/70 No 13.

The Commissioners
of Cannoor propose to
raise Rs 5350 from current
sources provided for by
the Municipal Act, and
calculate on a balance
of Rs 407-7-3 from the
current years accounts.
They have taken credit
for a Govt Contribution
of Rs 2185-3-2 on the whole
expenditure both under
Sections 25 and under
Section 29. The contri-
bution however is to be
calculated with reference
to the receipts as follows

the expenditure, and as the current receipts, including the State Contribution will, as shown in the margin Exhibit, must be less than the expenditure under Sect.

25, they must limit the State Contribution, which will therefore be Rs. 1783-5-4. The particular class of miscellaneous receipts should have been given, for if they are derived from sources not provided for by the Act, the Govt. contribution must be further reduced. The Commissioners will have at their disposal Rs. 8540-12-7.

The estimate of expenditure amounts to Rs. 8740-12-7 or Rs. 200 in excess of that of the receipts as above provided.

The necessary reduction, can appear to Govt. be more conveniently made from the allotment of Rs. 2000 for some fresh house, as the estimate of expenditure is given in the margin. These numbers and detailed cost of sweepers and bullocks should have been entered in State account. & The occasion for a further allotment, for the slaughter house, in addition to Rs. 1100 provided in the last budget, should have been explained.
