No. 185. Read the following letter from the President of the Municipal Commission, Tellicherry, to the Chief Secretary to Government, Fort Saint George, dated Calicut, 18th March 1870, No. 16.

I have the honour to submit estimates of sums proposed to be raised and expended in the Municipality of Tellicherry during the year ending 30th April 1871, together with a list of Commissioners for appointment.

No. 186. ORDER THEREON, 28th April 1870, No. 520.

The Municipal Commissioners of Tellicherry estimate their local receipts at

† Rupees 2313 and Rupees 2590.

Rupees 9188 and the State contribution at Rupees 3062-10-8. No balance is anticipated, and the total receipts will, therefore, be Rupees 12,250-10-8. The Government note that the estimated yield of the house and land-rate is nearly Rupees 2000 above both the demand of 1868-69 and the estimate of 1869-70;* and that of the professional-tax considerably less than either.† The causes of these differences should have been stated, and particulars of the miscellaneous receipts given. If under the latter head are included receipts not accruing under the Act, a reduction of the State contribution will be necessary.

2. The items of expenditure are unobjectionable. The provision for conservancy is more than double that of last year, (Rupees 1812,) and comprises an allotment of Rupees 1017-5-5 for the conservancy of the fishing villages. Two carts, an apparently insufficient number, are also to be provided. The Police

The Municipal Commissioners of T. N. estimate their local receipts at Rs. 9,188 and the State Contribution at Rs. 3,062-10-8. No. 12,250-10-8 is anticipated, and the local receipts will therefore be Rs. 12,250-10-8. The Government note that the estimated yield of the house and land sale is nearly Rs. 2,000 above to the demand of 1868-69 and the estimate of 1869-70; and that of the professional tax considerably less than in 1868-69.
