Proceedings of the Madras Government, Public Department,
28th April 1870.

No. 187. Read the following letter from the President of the Municipal Commission, Ellore, to the Acting Chief Secretary to Government, Fort Saint George, dated Bandarlanka, 12th March 1870, No. 50.

As promised in the second paragraph of my letter, No. 47, of 9th instant, I have the honour to submit, herewith, for the sanction of Government, the following estimates, &c., of the Ellore Municipality for the year 1870-71:—

- 1. Estimates of Receipts and Expenditure.
- 2. Detailed Estimate of Expenditure of Police.
- 3. List of Persons to be appointed Commissioners.

No. 188. ORDER THEREON, 28th April 1870, No. 521.

The local receipts of the Municipality of Ellore for the year 1870-71 are estimated at Rupees 11,400, and with a

grant from Government amounting to Rupees 3800, the Commissioners expect to have for expenditure Rupees 15,200. No balance from the year 1869-70 is shown in the statements.

2. The items of receipt as well as the allotments under the main heads of expenditure are almost identical with

those shown in the estimates for 1869-70; but they approximate closely to the actuals of 1868-69. It should have been explained whether the necessity for the allotments made for "New Works" in the present estimates has arisen in consequence of those made in 1869-70 not

having been expended. If this be the case a balance should have appeared in the estimate of receipts.

3. The abstract of expenditure is given in the margin. The items appear unobjectionable. It is observed that under "Conservancy," by reducing the number of sweepers from seventy to fifty, provision has been made for carts, the necessity of which was impressed upon the Commissioners in G. O., 12th April 1869, No. 475.

4. The estimates are approved and sanctioned. The usual notifications will be published in the *Gazette*.
