No. 190. ORDER THEREON, 28th April 1870, No. 522.

The estimates framed by the Municipal Commissioners of Cuddalore show receipts from current taxation amounting to Rupees 21,600, and a balance from last year of Rupees 7593. They have entered the State contribution at Rupees 5047, being one-fourth of the expenditure less three-fourths of the cost of Police, and a portion of the cost of Police lines which it is proposed to build. This deduction is erroneous as the objects in question are clearly within the scope of Section 25.

2. The expenditure under Section 25, after the transfers noted below, will amount to Rupees 33,489-15-5. The receipts from taxes and the contribution taken together will be Rupees 28,800. This then will be the limiting sum, and the contribution will be one-fourth of it, or, what is the same thing, one-third of the current receipts from other sources, Rupees 7200. The Commissioners' income

gross cost having been taken as the sum to be paid by the Municipality. This procedure as above noted is incorrect, (Section 35, Act X. of 1865). The whole cost of the Police will be entered in the estimate of expenditure, and the gross Government contribution *per contra*. It is proposed to devote Rupees 6000 to the erection of Police huts. The Government pass the

item; but the President should have stated the number of huts to be built for the sum, and explained whether the allotment is in addition to that of Rupees 2000 made in the last budget for the same purpose. The provision of Rupees 300 for donation to the Branch Dispensary will be transferred from "Establishment" to "Purposes other than those specified in Section 25." The whole expenditure will amount to Rupees 33,489-15-5, and will be less than the anticipated receipts by Rupees 2603-0-7.
