Not to be folded or roughly handled

No. 193. Read the following letter from the President of the Municipal Commission, Palghaut, to the Acting Chief Secretary to Government, Fort Saint George, dated Calicut, 7th March 1870, No. 11.

I have the honour to forward, for the sanction of Government, a letter from the Vice-President, submitting the revised estimates of the Palghaut Municipality for the year 1870-71.

2. Government will perceive that the allotment for repairs has been increased twenty-five per cent., while that for conservancy has been nearly doubled. The Commissioners appear to contemplate the purchase of twelve carts for conservancy purposes.

3. I have also the honour to submit, for the information of Government, the letter, dated 26th November 1869, No. 54, from the Vice-President, forwarding the Municipal Estimates to the Public Works Department, and explaining with regard to paragraph 7 of the Government Order of 18th February 1869, the reason which induced the Commissioners to continue the pay to the Adigaries, Menons, and peons for collecting the Municipal taxes. The Municipality of Palghaut being composed of several Amshoms, the Municipal Commissioners have subsidized the Amshom officials. Government in their Proceedings, dated 11th September 1869, No. 1272, directed that the Amshom officials in Calicut should not be employed in collecting Municipal taxes, and I have now sent a copy of the order to the Commissioners.

4. With regard to the question of the construction of latrines, to which I drew the special attention of the Commissioners, I beg to enclose copy of a letter from the Vice-President, communicating the disapproval of the Commissioners to the construction of such building, and stating the reasons for their objection.

No. 194. ORDER THEREON, 28th April 1870, No. 524.

The Commissioners of Palghaut ask sanction for the levy of the taxes, &c., noted in the margin, which are expected to produce a sum of Rupees 14,000, and they calculate on a balance of Rupees 5000 from the year 1869-70.

|                                           | RS.    | A. | P. |
|-------------------------------------------|--------|----|----|
| Rate on Houses, Buildings, and Lands...   | 2,800  | 0  | 0  |
| Tax on Arts, Trades, and Professions..... | 1,900  | 0  | 0  |
| Tolls.....                                | 9,000  | 0  | 0  |
| License Fees.....                         | 100    | 0  | 0  |
| Fines and Miscellaneous.....              | 200    | 0  | 0  |
|                                           | 14,000 | 0  | 0  |
| Government contribution.....              | 4,666  | 10 | 8  |
| Balance .....                             | 5,000  | 0  | 0  |
| Total...                                  | 23,666 | 10 | 8  |

2. They have computed the Government contribution at Rupees 5786-0-7, being one-fourth of the sum allotted for expenditure under Section 25. But the Act requires that the current receipts as well as the expenditure under Section 25 shall limit the contribution. The correct amount is Rupees 4666-10-8, being one-fourth of the sum of the current receipts from taxation, *plus* the contribution itself, viz., Rupees 18,666-10-8. The sum at the disposal of the Commissioners will, therefore, be Rupees 23,666-10-8.

3. The Government observe that in the Vice-President's letter of the 26th November 1869, it is stated that the Commissioners would not levy the land-rate, but that they have provided for it in the present revised estimates. It is proposed

*Proceedings of the Madras Government, Public Department.*

*23th April 1870.*

to levy the tax on arts, trades, and professions at rates half of those laid down in Schedule A. The tolls are expected to yield less by Rupees 1800 nearly than in 1868-69 or 1869-70. The amount estimated for still constitutes three-fourths of the income, but this disproportion will be remedied under the new Act. The Vice-President's argument to prove that the tolls ultimately fall upon the towns' people is based upon two assumptions of the correctness of which the Government entertain much doubt; first, that all the goods on which toll is paid pass into the hands of the local shopkeepers; and secondly, that the re-export is confined to the vicinity of Palghaut.

4. The Commissioners have allotted for expenditure Rupees 24,786-0-7. But

|                                                       | RS.    | A. | P. |

| Total...                                              | 23,666 | 10 | 8  |

the reduction of the State contribution made above necessitates a reduction of the estimate of expenditure by Rupees 1119-5-11. The estimate for the Police Force has been increased by Rupees 696 to provide for the addition of one Deputy Constable, two first class and three second-class Constables. The Vice-President states that the present establishment of

Police is insufficient, but the reasons of the insufficiency are not given, nor does it appear whether the Commissioners or the Magistrate concur in the proposal. Under these circumstances the Government are not prepared at present to sanction the addition. This charge and that for a public garden being omitted, the expenditure will be reduced within the receipts.

5. If the addition to the Police should be hereafter proved necessary, and if the Commissioners desire to provide funds for the public garden, the Government will be prepared to sanction the levy of the professional-tax at the full rate; or the amount necessary for the former purpose may be obtained by a reduction of grants under other heads. It is observed that the system of collecting the taxes through the Amshom authorities is under consideration, with a view to a cheaper and not less efficient arrangement.

6. The estimates as modified are sanctioned. The usual notifications will be published.

Municipal Commission Office  
Palghat 26<sup>th</sup> November 1869

L. Buick Esq  
Vice President. Palghat Municipality

A. Mc L. Webster Esq  
President of Municipalities  
Malabar

Sir,

I have the honor to submit a statement in detail exhibiting the proposed income and expenditure of the Palghat Municipality for the year 1870/71.

2. The Commissioners propose to raise their income by tolls; by a tax on carts, trades and professions at half the rates entered in the schedule; and by a tax on houses and buildings at 5 percent on the rental. The Commissioners do not see their way to the provision of a sufficient income without the aid of tolls. But this mode of taxation is not really so unfair as it might be deemed at first sight. Very little traffic indeed passes through Palghat without passing at the same time through the hands of the Shop-keepers who in the first instance pay the tax. If these Commodities are then exported into the Country around Palghat the Shop-keeper is unable to reimburse himself in the amount of the toll as ——— manifestly must be the case where such Commodities can be procured without the operation of a toll being felt. But the shop-keepers

APRIL.

Nos. 193-194.

Sanctioning the estimates of the Palghat Municipality for 1870-71, and directing the publication of the usual notifications.

can and does reimburse himself by raising the price of commodities of the same kind sold in Palghat so as to cover the tolls paid both on the articles consumed in and exported from it - and thus practically the inhabitants of the Municipality pay the whole, or almost the whole, of their tolls. Looking however at the subject of tolls generally I think the best solution of the difficulty which has been felt by Government in regard to them would be the addition to section 27 of Act X of 1865 of a clause to the following effect - "provided that if the Commissioners of any Municipality shall determine to raise the whole or a portion of their income by tolls the Government shall thereby be relieved from the necessity of making any direct payment in aid of the funds of such Municipality". The tax on lands the Commissioners do not propose levying as it is manifestly unsuited to the peculiar circumstances of Palghat.

3. The proposed expenditure for Police purposes is Rs 4130-2-6 or an increase on the expenditure of the current year of Rs 696-12-1. This difference is caused by the proposed addition to the force of six constables as the present establishment is too small for the Municipality.

4. In other respects the chief expenditure will be for repairs - The roads in Palghat are almost too numerous, and in consequence a large sum is necessary for their annual upkeep. The Commissioners propose to metal them by degrees and thus reduce the cost of their maintenance as much as possible. A commencement has been made in doing so.

5. The only other item of expenditure which requires explanation

is the cost of the establishment for the collection of taxes. The Commissioners recognizing the fact that portions of four Amshoms are included within the Municipal limits have subsidized the existing Amshom Revenue establishment, and the system has hitherto been found to work satisfactorily. The subject, however, is at present engaging their attention, and their aim, as it is their interest, will be to devise a system for the collection of tax which shall work as well as the existing one, and cost less.

6. I have further the pleasure to submit a list of the Commissioners proposed for the ensuing year.

I have the honor to be,

Sir,  
Your most Obedt Servant

J. Beich  
Vice President.

The President

Calicut

Sir,

I have the honor to forward  
a revised budget estimate of  
income and expenditure for the  
Palgahat Municipality for the  
ensuing year.

2. The Commissioners now find  
that they will have a balance in  
hand at the end of this year of  
about Rs 5000. and the estimates  
have been altered to admit of  
this sum being spent next  
year.

3. It is proposed to give another  
sum of Rs 500. towards the public  
garden as the amount appropriated  
to this object the present year  
has not been sufficient to com-  
plete it.

4. A list exhibiting the names  
of the Commissioners proposed for  
the year is also appended.

1870

Palgahat  
28<sup>th</sup> February 1870

Sir,

The President

Calcutta

Sir,

In reply to your letter of the 17<sup>th</sup> December 1868. I have the honor to point out that the Municipality of Palgahat consists of two Bazaars and 23 Agraharums which cover an area of about 8 square miles and are on an average about half a mile apart. Each village is surrounded by a large extent of paddy land which the people frequent for the purposes of nature and the practice rarely gives rise to admission. The Commissioners are therefore of opinion that latrines are not a necessity under the circumstances; that their cost would be considerable; that if erected they would scarcely be used; and that the cost of an establishment to work them would be excessive as all the Sweepers would have to be imported.

2. As regards the purchase of

## Proceedings of the Madras Government.

Read the following letter from  
the President Municipal Comm<sup>n</sup>  
Palghat -

Dated 5<sup>th</sup> March 1870. A. 310.

P.P.

Order thereon 28 April 1870. No. 524

The Commissioners  
of Palghat ask sanction  
for the levy of rates on the  
Rate on houses, buildings &c. a. p. for the levy of rates on the  
and lands - - 2800-0-0 in the margin which are ex-  
posed on the roads for 1900-0-0. needed to produce a sum of  
Tolls - - - - - 4000-0-0. Rupees 14,000, and they cal-  
License fees - - - - - 100-0-0. culate a balance of Rs. 5000  
Fines & Miscellaneous - 200-0-0. from the year 1869-70.  
14,000-0-0. 2. They have computed  
Govt. Contribution - 4,666-10-8. The Govt. Contribution at  
Balance - - - - - 5000-0-0.  
23,666-10-8. Rs. 5,785-0-7 being one fourth

Inserted

3<sup>rd</sup> May 1870

of the sum allotted for ex-  
penditure under Section 25.

But the Act requires that  
the current receipts - as well  
as the <sup>under</sup> Section 25 expenditure  
shall limit the contribution.  
The correct amount is Rs. 4666.

10.8 being one fourth of the  
sum of the current receipts  
from taxation plus the con-  
tribution itself - viz. 18666.10.8.

8. The sum at the disposal  
of the Commissioners will  
therefore be Rs. 23666.10.8.

3. The Govt. observe  
that in the Vice President's  
letter of the 26<sup>th</sup> Novr 1889 it  
is stated that the Com<sup>r</sup> would  
not levy the land rate but  
that <sup>they have</sup> it provided for in  
the present revised estimates.

It is proposed to levy the tax

on the traders and professions  
at rates half of those laid  
down in Schedule A. The  
tolls are expected to yield  
less by Rs. 1800 nearly than  
in 1868-9 or 1869-70. The  
amount estimated for still  
constitutes three fourths of  
the ~~income~~, but the ~~proportion~~  
proportion with the Unit.  
died with the new tolls.  
The Vice President's argu-  
ment to prove that the  
tolls ~~intimately~~ fall upon  
the ~~town~~ people is based  
upon two assumptions of  
the correctness of which  
the Govt. entertain much  
doubt, 1<sup>st</sup>. that all the  
goods on which toll is  
paid pass into the hands  
of the ~~local~~ shopkeepers,  
and 2<sup>dly</sup> that the re-export

is confined to the vicinity of Paleyput. The Commissioners have allotted for expenditure Rs. 24,786-0-7. But the reduction of the State contribution made above necessitates a reduction of the estimate of expenditure of Rs. 1119-5-11. The estimate for the Police force has been increased by Rs. 696 to provide for the addition of one Constable, two first class and three second class Constables. The Vice President states that the present establishment of police is insufficient, but the reasons of insufficiency are not given nor does it appear whether the Commissioners or the Magistrate are in the

|                                                    | <u>23666-10-8.</u> |

to say - by other reduction - The expenditure of the tlb. on the tlb. is manifestly

prepared. Under the circumstances, the Govt. is not prepared at present to sanction the addition of this charge and that for a public garden being omitted the expenditure will be reduced within the limits of the estimate. If the Govt. to the Police should be hereafter proved necessary and if the Commission desire to provide funds for the Public garden, the Govt. will be prepared to sanction the levy of the professional tax at the full rates; or the amount necessary for the purpose may be obtained by a reduction of the grant of Rs. 6000 for Road repairs, a sum apparently excessive.

as compared with the esti-  
mate of Rs. 70 and the ex-  
penditure of 1868-69. It is

\* Rs. 6000

\* Rs. 3687-5-0

observed that the system of  
collecting the taxes through  
the Amshom authorities is  
under consideration with  
a view to make it cheaper and not  
inconvenient arrangement.

6. The estimates as modi-  
fied are sanctioned. The usual  
provisions will be sub-

mitted to the Board of Revenue  
for their consideration.

The Board of Revenue  
will be pleased to  
submit the same to the  
Government for their  
approval.

The Board of Revenue  
will be pleased to  
submit the same to the  
Government for their  
approval.

The Board of Revenue  
will be pleased to  
submit the same to the  
Government for their  
approval.
