29th April 1870.

Read the following papers :—

No. 208. Proceedings of the Government of India, Financial Department, dated Simla, 28th August 1868, No. 2078.

Read again paragraph 5 of Financial Resolution, No. 2599, dated 17th September 1867, which rules that the service of an Uncovenanted Medical Officer towards the periodical increments in the new scale of pay will reckon from the date of his entering on his duties on his first permanent appointment to the Medical charge of the Sudder Station of a district if the incumbent was not then a Sub-Assistant Surgeon, otherwise from the date on which he ceased to be a Sub-Assistant Surgeon.

Read an Office Memorandum from the Home Department, No. 3370, dated 14th August 1868, forwarding, for consideration and orders, a letter from the Government of Madras, submitting a claim preferred by "Native Surgeon" M. Iyasawmy to higher allowances than those to which he is under existing rules entitled.

RESOLUTION.—The Governor-General in Council is pleased to extend paragraph 5 of the Resolution, No. 2599, dated 17th September 1867, to Native Surgeons in the Madras Presidency.

Ordered that the foregoing Resolution be sent to the Home Department and the Accountant-General, Madras.

Copy forwarded to the Government of Madras for information, with reference to its letter, No. 841, dated 14th July last, and with the remark that, as the "Native Surgeon" of Madras in every way corresponds to the "Sub-Assistant Surgeon" of the Bengal Presidency, the Governor-General in Council sees no reason for complying with Native Surgeon M. Iyasawmy's request.

Post Audit Department.]

In reply to Memorandum, No. 333, dated 25th instant, from the Acting Under
Secretary to Government, Revenue Department, I have the honour to state that
the effect of the Resolution of the Government of India, No. 3700, dated 9th
September, would appear to be to place Native Surgeons in the same position
as Sub-Assistant Surgeons who are admitted to the benefits of the new rates of pay
for Uncovenanted Medical Officers only when they cease to belong to that grade.
Native Surgeon Iyasawmy, so long as he remains in his present rank, can, according
to this view, be allowed no more than the pay of his own proper grade with an
extra allowance of 100 rupees for the medical charge of the Zillah of Cuddapah in
terms of the orders of the Government of India, dated 22nd November 1866,
No. 1899, Financial.

2. The actual intention of the two orders* is, however, very doubtful, and it
seems, therefore, desirable that clearer instructions on
the subject should be obtained from the Government
of India.

Forwarded the 17th September 1880

Read for the second time the following document.

Under No. 1931 of June 1880 relating among
other matters to the following enquired by the
Accountant General North Western Provinces viz.

1st Whether the revised scale of pay for permanent
Medical Officers is applicable to subordinate
Medical Officers and Sub Assistant Surgeons
and if so from what date their service shall
count towards the financial increment in
that new scale of pay.

2nd Whether any part of the extra allowance
for the medical charge of a district hospital
or for the administrative charge
of a jail is admissible to an uncommissioned
Medical Officer during leave of absence.

Read for the first time the following
document on the foregoing subject in the
case of subordinate Medical Officers generally
in permanent medical charge of the District
Hospitals of Districts and on certain additional
advantages asked for in a memorial from
certain uncommissioned Medical Officers viz.

Home Department's endorsement No. 1931 dated 2nd July
1880 forwarding a Memorial from certain un-
commissioned Medical Officers submitting the following
request viz.

1st. That Unincorporated Medical Officers may be allowed Rs 900 a month after an approved service of 20 years.

2nd That the revised scale of pay for the class may be given even to one who is not in medical charge of a civil station.

3rd That pension may be given to them after shorter periods of service than are prescribed for Unincorporated Servants generally.

2. The special benefit which the old Pension Rules accorded to Law and Educational Officers have been withdrawn under the new Rules and their restoration has been emphatically refused by the Secretary of State. The application of the memorandum under this head is accordingly declined.

3. The revised scale of pay for Unincorporated Medical Officers is intended for those who are selected for employment in the medical charge of civil stations, and the only relaxation of the rule on this point

4. A member of the subordinate Medical Department selected for the permanent medical charge of a Civil Station will be allowed the advantage of the new scale of salaries with effect from the date not earlier than the 25th April 1867 on which he may have been, or may hereafter be placed in such permanent civil medical charge.

5. The Service of an Unincorporated Medical Officer towards the periodical increments in the new scale of pay will reckon from the date of his entering on his duties on his first permanent appointment to the medical charge of the Sub-Station of a District if the incumbent was not then a Sub-Assistant Surgeon otherwise from the date on which he ceased to be a Sub-Assistant Surgeon.

The circumstances of Native Surgeon M. Izasawmy claim to the extra rates of allowances sanctioned by the Supreme Government for Incovenanted Medical Officers when in charge of a Civil Station, are fully set forth in letter No 841, to the Secretary to the Government of India dated 14th July 1868.

In reply the Govern-

communicating the above

"as the Native Surgeon

the Governor General

for complying with

The real difficul-

laid down clearly by
the Government of India.
On this subject, I believe,
the Inspector General
