*Proceedings of the Madras Government, Public Department,
11th May 1870.*

No. 42. Read the following letter from the Inspector-General of the Indian Medical Department, to the Chief Secretary to Government, Fort Saint George, dated Fort Saint George, 6th April 1870, No. 83 :—

In obedience to the Order of Government noted in the margin, I have the honour to submit a Statement showing, district by district, the number and distribution of Medical Subordinates of the Apothecary and Hospital Assistant classes employed in attendance upon ordinary Civil Establishments, Dispensaries, Jails, Police, &c., for transmission to the Government of India.

2. This office presumes that Government allows a medical subordinate for the Revenue Officers enumerated in the list, in consequence of their duties frequently taking them away for some time from head-quarter stations into districts where medical aid is not obtainable.

3. Doubtless the Revenue Board will be in a better position to furnish reasons for this extra establishment, as required by the Government of India.

No. 43. To the Secretary to the Government of India, Home Department, dated Fort Saint George, 11th May 1870, No. 594.

I am directed by His Excellency the Governor in Council to acknowledge the receipt of your letter, No. 1118, dated 28th February 1870, and, as required, to submit the statement described in paragraph 4.

2. A full explanation was given in Mr. Acting Secretary Minchin's letter, No. 7, dated 4th January last, of the reasons which, in the opinion of this Government, render it necessary to attach medical subordinates to the establishment of Revenue Officers in this Presidency.

3. I am, with reference to paragraph 3 of your letter under reply, again to point out that Revenue Officers and their establishments are on circuit during at least four months of the year, and that a Hospital Assistant attached to a Dispensary cannot leave his Dispensary to accompany the Revenue Establishment when on circuit. I am, therefore, very respectfully to request that the existing arrangements for giving medical aid to Revenue Officers may be allowed to remain undisturbed.

4. I am to point out that it is proposed, in the Local Funds Bill now under consideration, to provide for the support of Dispensaries, and thus to lighten the Imperial charge for medical establishments.

(Signed) R. S. ELLIS,
Chief Secretary.

3. I am, with reference
to para 3 of your letter, ^{under reply,}
again to point out that
Revenue Officers and their

- disturbed

4- I am to point out that
it is proposed in Local Fund
Bills now under considera-
=tion, to provide for the
support of Dispensaries,
and thus to lighten the
Imperial charge for Medical
Establishments.

Perhaps he may let
add some thing to
the effect that it is
thought it is not of
late years that the

community have been
required to contribute
towards the support of
these hospitals - yet
already their funded
capital amounts to
Rs 450,000 - and the
subscriptions last year
were Rs 73,000 - and it
is of consequence not
to discourage the healthy
excited feeling
of liberality & help which
has been shown the necessary
agency even to be founded.

I rather doubt the
necessity of saying this

but on many things
it is correct.
