Proceedings of the Madras Government, Public Department,

11th May 1870.

Read the following papers :—

No. 48. From the Acting Collector of Tinnevelly, to the Chief Secretary to Government, Fort Saint George, dated Trichendoor, 8th April 1870, No. 138.

I have the honour to forward a report on the Civil Dispensary at Palamcottah and the Branch Dispensary at Tinnevelly for the year 1869, with copies of the Zillah Surgeon's report, accompanied by copies of remarks entered in the Visitors' Book, as directed in Government Order, No. 358, dated 5th April 1867.

2. The number of out-patients treated in both the Dispensaries, during the year under report, has increased by 625, as per margin,

Palamcottah Dispensary.....	569
Tinnevelly Branch Dispensary.	65
Total...	625

on the number treated in 1868, which shows that natives begin better to appreciate the use of English medicines, and the confidence they entertain in English treatment.

3. I gather, however, from Dr. Thompson's report that most of the cases treated are venereal, and nothing but the introduction of the Contagious Diseases' Act in the town would check its expansion.

4. This subject has been fully discussed by the Municipality, and provision will be made for introducing the Act, when the new Municipal Bill comes into force.

No. 49. From the Collector of Tinnevelly, to the Chief Secretary to Government, Fort Saint George, dated Trichendoor, 13th April 1870, No. 209.

In continuation of my letter to Government, No. 138, dated 8th instant, forwarding the annual report on the Civil Dispensaries of this district, I have the honour to forward, herewith, a statement of the financial condition of the Palamcottah Civil Dispensary, as directed in paragraph 5 of Government Proceedings, No. 644, of the 18th May 1869.

No. 50. ORDER THEREON, 11th May 1870, No. 597.

The Government consider the report forwarded by the Acting Collector on the Civil Dispensary at Palamcottah and the Branch Dispensary at Tinnevelly satisfactory. The necessity for the application of the Contagious Diseases' Act to the town is evident, and the proposed action of the Municipality is approved.
