*Proceedings of the Madras Government, Public Department,
27th May 1870.*

No. 107. Read the following letter from the Collector of North Arcot, to the Chief Secretary to Government, Fort Saint George, dated Chittoor, 22nd April 1870, No. 24:—

In their Order of the 27th September 1865, No. 999, Public Department, the Government sanctioned the construction of a Civil Dispensary at Chittoor on the plan and at the amount of estimate forwarded with my letter of the 4th May 1865, No. 17, on the understanding that a moiety of the expenditure was to be met from private subscriptions.

2. Somehow or other the entire expenditure incurred in the construction of this building, viz., Rupees 7870-8-9, has been met from Imperial Funds, the excess Rupees 470-8-9 over the estimated amount Rupees 7400 having been sanctioned in Government Order, dated 27th June 1867, No. 1921, Public Works Department.

3. The funds belonging to this institution amounted, at the end of the last quarter, to Rupees 4173-8-3, as shown in the margin. Of this the great proportion was raised by subscription with the object of providing for a moiety of the cost of constructing the Civil Dispensary.

4. Since it was opened the institution has been in a struggling state, and notwithstanding every effort has been made to improve its financial position, and extend its sphere of usefulness, it has been found difficult to raise an average monthly income of from Rupees 70 to 80. Dreading its total collapse, I have purposely allowed this unclaimed deposit to remain at the credit of the Dispensary in the hope that, if the occasion should arise for assistance, Government might be pleased to declare it available for the purpose. Meanwhile, I have scrupulously abstained from touching the deposit; and, in now pointing out the nature of the item, beg to solicit the orders of Government in respect to its disposal.

No. 108. ORDER THEREON, 27th May 1870, No. 658.

In 1864 sanction was accorded for the erection of a Civil Dispensary at Chittoor in the district of North Arcot, on the understanding that its cost was to be defrayed by subscriptions raised for the purpose by the native community, supplemented by a grant-in-aid from Government of Rupees 3700.

2. The Collector, in the letter above recorded, brings to notice that the entire cost of the building, amounting to Rupees 7870-8-9, has been met from Imperial funds, and that the funds raised by the native community, amounting to Rupees 4173-8-3, are held in deposit. He also brings to notice that, since the Dispensary was opened, it has been in a struggling state, and that it has been found difficult to raise an average monthly income of from Rupees 70 to Rupees 80, and hopes that Government might be pleased to declare the funds in deposit available for the maintenance of the institution.

3. The Government regret that the funds raised by the native community were not transferred at once to the public account. The Accountant-General will

now, however, arrange for the recovery from the Dispensary Funds of the sum of Rupees 3633-8-3, being a moiety of the actual expenditure incurred in the erection of the Dispensary, and transfer the same to the credit of Government.

4. The Collector will impress upon the native community the necessity for maintaining the institution in an efficient state.
