*Proceedings of the Madras Government, Public Department,
27th May 1870.*

Read the following papers:—

No. 109. From the Officer in charge of Public Works Operations, Cochin, to the Secretary to Government, Public Works Department, Fort Saint George, dated Cochin, 9th February 1870, No. 134.

I have the honour to submit the plan and estimate for the proposed Sailors' Hospital to be built at Cochin, called for in G. O., dated the 21st January 1870, No. 264.

,, Estimate.

2. The size of the building had to be regulated by the maximum number of patients for which accommodation is required by the Civil Surgeon's experience. The design is of the simplest and least expensive description, and the materials and workmanship estimated for are of the cheapest kind that could be adopted with an assurance of stability.

Transferred to the Public Department, with reference to the Order in that Department, No. 1, of the 4th January 1870.

FORT SAINT GEORGE,
12th February 1870.

(Signed) C. A. ORR, Colonel, R.E.,

Referred to the Master Attendant at Madras for report, whether a grant-in-aid of Rupees 3200 can be made from Port Funds for the erection of a Sailor's Hospital at Cochin.

Chief Secretary.

No. 110. From the Master Attendant, Madras, to the Chief Secretary to Government, Fort Saint George, dated Madras, 17th March 1870, No. 1274.

Administrative Department.]

In returning the letter from the Assistant Engineer in charge of the Public Works Operations at Cochin, together with its enclosures as marginally noted, I have the honour, in obedience to the endorsement thereon, to report that all the available funds from the Port Fund will shortly be required for the prosecution of the protective works at Cochin, and I, therefore, regret to observe that it would not *just now* be advisable to burthen the fund with the expense of the construction of the Seaman's Hospital for that port, and more particularly as it will have to be maintained at the cost of the Port Fund.

No. 111. ORDER THEREON, 27th May 1870, No. 659.

As it appears from the statement of the probable receipts and disbursements from Port Funds for the year 1870-71, prepared in the Government Office in communication with the Master Attendant, that funds are available for the erection of a Seaman's Hospital at Cochin, His Excellency the Governor in Council sanctions the plan and estimate prepared in the Public Works Department, involving an outlay of Rupees 3200.
