Proceedings of the Madras Government, Public Department,

31st May 1870.

Read the following papers:—

No. 143. From the Acting Collector of Madras, to the Chief Secretary to Government, Fort Saint George, dated Trivamoor, 26th April 1870, No. 67.

With reference to the Government Order, No. 1280, of the 13th September last, I have the honour to forward a statement showing the amount of relief afforded by the Saidapet Poor Out-door Dispensary during the last six months.

2. The average number of patients treated daily was thirty-four, and the local subscriptions have proved sufficient for meeting the contingent charges of the institution.

3. This Dispensary has been found very useful, and Iyaswamy Moodelliar, a dubash of Messrs. Arbuthnot and Co., agrees to provide the institution with a suitable building, and to pay a donation of Rupees 1000, the interest on that sum being credited towards the contingent charges of the institution.

4. In consideration of this outlay, I have the honour to recommend that the Government will be pleased to detail a separate medical subordinate for the charge, and provide the necessary medicines, and that this arrangement be continued till the new Local Funds Bill is passed into law.

5. I also beg to recommend, for the favourable orders of Government, in consideration of the valuable pecuniary assistance promised by Iyaswamy Moodelliar, that this institution may be called after his late wife, C. V. Parvati Nardany Ammal.

6. Copy of Iyaswamy Moodelliar's letter on the subject of the Dispensary is herewith enclosed.

From C. V. IYASWAMY MOODELLIAR, to the Acting Collector of the Madras District, dated Madras, 1st April 1870.

I believe your report on the operations of the Saidapet Poor Out-door Dispensary is about to be submitted to Government, and I request you will kindly forward this communication also for their orders.

2. The Dispensary is, I find, very useful, and I propose to buy up the building in which it is now kept, and make such alterations as will render it suitable for a decent Out-door Dispensary, providing, at the same time, two or three wards for in-patients in emergent cases requiring immediate and constant attention.

3. I will also pay hereafter the donation of Rupees (1000) one thousand, so that the interest on that sum may meet partly the contingent expenditure of the institution.

4. In consideration of this outlay, I request Government will provide the requisite medicines, &c., free of charge, and attach a separate medical subordinate solely for the Dispensary.

5. The Dispensary, you are aware, had to be closed for four days in February, in consequence of the medical subordinate having joined your Jumma-bund Cutcherry, and the incumbent ordered to take his place at the Dispensary not having arrived till the 15th of that month. The medical subordinate attached to your establishment will frequently have to leave the station, and the arrangement of having one person only will prove very inconvenient.

6. If the Government have no objection, I beg that the Dispensary may take its name from my late wife, C. V. Parvati Nardany Ammal.

Proceedings of the Madras Government, Public Department,

31st May 1870.

Referred, for report, to the Inspector-General of the Indian Medical Department.
FORT SAINT GEORGE, (Signed) R. S. ELLIS,
2nd May 1870. Chief Secretary.

No. 144. From the Inspector-General of the Indian Medical Department, to the Chief Secretary to Government, Fort Saint George, dated Fort Saint George, 10th May 1870, No. 113.

In returning the correspondence referred with your docket of the 2nd instant, I have the honour to report, for the information of Government, that, in consequence of the paucity of medical subordinates, it will not be practicable to detail a medical subordinate at present for the exclusive charge of the Saidapet Out-door Dispensary; but that, on the close of the current session of the Medical College in June next, I hope to be in a position to meet this demand, should Government be pleased to add a hospital assistant to the establishment.

2. Medicines can be supplied under the orders of Government.

No. 145. ORDER THEREON, 31st May 1870, No. 684.

The arrangement proposed in the letter from the Inspector-General above recorded is sanctioned.

2. The Dispensary will bear the name C. V. Parvati Nardany Ammal, the late wife of Iyaswamy Moodelliar, who has so liberally endowed the institution.

(True Extract.)

Chief Secretary.

To the Inspector-General of the Indian Medical Department.

„ Collector of the Madras District.

„ Accountant-General.

OFFICE OF INSPECTOR GENERAL, INDIAN MEDICAL DEPARTMENT,
 Fort Saint George, 10th May 1870.

From
 The Inspector General, Indian Medical Department,
 Fort Saint George,
 To
 The Chief Secretary to Government
 Public Department.
 Fort Saint George
 Sir,

In returning the correspondence
 referred with your docket of the 2nd
 instant, I have the honor to report,
 for the information of Government,
 that, in consequence of the paucity
 of Medical Subordinates, it will not
 be practicable to detail a Medical
 Subordinate, at present, for the ex-
 -clusive charge of the Saidapet Out-
 door Dispensary; but that, on the
 close of the current session of the
 Medical College in June next, I
 hope to be in a position to meet
 this demand, should Government
 be pleased to add a Hospital Assistant
 to the Establishment.

2. Medicines can be supplied on
 under the orders of Government.

I have the honor to be
 Sir
 Your most Obedt. Servant
 J. Macneil Esq.
 Inspector General
 Indian Med. Department.
