*Proceedings of the Madras Government, Public Department,
2nd June 1870.*

No. 3. Read the following letter from the Inspector-General of the Indian Medical Department, to the Chief Secretary to Government, Fort Saint George, dated Fort Saint George, 28th April 1870, No. 104 :—

I have the honour to submit, for the favourable consideration of Government, an application from the Rev. J. M. Strachan, M.D., of Nazareth, Tinnevely, in which he solicits some aid from the State for a Dispensary which he has established in that town. Dr. Strachan is a Missionary in connexion with the Society for the Propagation of the Gospel in Foreign Parts, and I am encouraged to make this appeal on his behalf, from the liberality shown by Government to similar institutions in other parts of the Presidency.

2. Dr. Strachan, after labouring for some years in Southern India as a Missionary, commenced the study of medicine in the Medical College and General Hospital, Madras. Thereafter he proceeded to the University of Edinburgh, and having qualified there, with the highest distinction, has recently returned to the scene of his former labours to carry on the work of a Medical Missionary.

3. The village of Nazareth in which he has opened the Dispensary seems to offer an excellent sphere for such an institution, being surrounded by a dense population, and about twenty miles distant from the nearest charitable hospital—that of Palamcottah. The Dispensary was only opened in the beginning of March last, but such has been the appreciation of its benefits, and the confidence in the medical attendant, that already the daily attendance of sick has increased from 40 to 180. Dr. Strachan also proposes to train, in connexion with the Dispensary, native widows as nurses, and to give practical teaching to village midwives. For all these duties, I believe him to be eminently qualified, and feel sure that his labours will be of the greatest value in the populous district of Eastern Tinnevely.

4. Under these circumstances I beg respectfully to solicit, for Dr. Strachan's undertaking, the same aid which has been so generously accorded to kindred institutions, viz., the issue, on indent, of medicines and instruments gratuitously, on the condition that he shall furnish an annual report on the working of the Dispensary.

5. In the latter part of his letter Dr. Strachan also brings to notice a petition (of which a copy is enclosed) from the residents in Alvar Tinnevely, a town about five miles distant from Nazareth, and containing about 10,000 inhabitants, begging that a Dispensary may also be established there with a hospital assistant under his superintendence. I regret, however, that I am at present, owing to the great paucity of medical subordinates, unable to support this proposition.

No. 4. ORDER THEREON, 2nd June 1870, No. 699.

The Government resolve to authorize the issue, gratuitously, of medicines and instruments to the Dispensary at Nazareth, in the eastern part of the Tinnevely District, until further orders.

2. Funds for the aid of this Dispensary may hereafter be available from Local Funds should the Bills for local taxation, now under consideration, be passed.

Proceedings of the Madras Government, Public Department,
2nd June 1870.

3. The consideration of the application for a Dispensary and Hospital Dispensary at Alvar Tinnevelly must, for the present, be postponed.

Proceedings of the Madras Government, Public Department,

2nd June 1870.

No. 5. Read the following letter from the Acting Sub-Collector in charge of Coimbatore, to the Chief Secretary to Government, Fort Saint George, dated Coimbatore, 17th May 1870, No. 31:—

With reference to the correspondence noted in the margin, I have the honour to forward an original petition from one Yekambara Moodelly, Head Writer in the Railway Resident Engineer's Office, 3rd Division, Poothanore, applying for compensation for a well belonging to him, situated in the old hamlet on the south side of Poothanore Railway Station, which was removed under the orders of Government, dated 28th October 1868, No. 1649.

2. The above item and a tiled-house belonging to one Govinda Naick were not included in the estimate forwarded with Mr. Wedderburn's letter of the 28th September 1868, No. 79. The reason assigned by the Tahsildar for their omission is that it was only the huts that were intended to be removed and paid for; but the owners of the well and tiled-house have since complained, on several occasions, that, as the hamlet was removed, the well and the single tiled-house were of no use to them, and wanted compensation in order to enable them to have them re-constructed in the locality where they have now built their huts. Both Mr. Galton, the late Acting Head Assistant Collector, and Mr. Webster, when Acting Collector, inspected the locality and were satisfied of the correctness of the statement of the parties concerned. Accordingly, the compensation due, in the above cases, was included in an estimate sent to the Consulting Engineer for Railways in November 1869, in connexion with a proposal from that officer for taking up all private lands within 500 yards of the confines of the Railway Station, but this proposal was subsequently withdrawn, and the application of the owners for compensation, therefore, remains undisposed of.

3. Under these circumstances, I beg to recommend that sanction be accorded for Rupees 350 being paid as per accompanying estimate, being a fair valuation of the well and the house.

4. I take this opportunity of reporting that the roofs of all the huts, for which compensation was paid, have been removed, and the bare walls are now standing. They present a very unsightly appearance, and should be levelled with the ground. A sum of Rupees 100 is required for this purpose, and I request that sanction may be granted for the same.

No. 6. ORDER THEREON, 2nd June 1870, No. 700.

His Excellency the Governor in Council sanctions the payment of Rupees 450, being the compensation awarded for a well and tiled-house, situated in the south of the Poothanore Railway Station, and for levelling the ground.

2. The charge will be debited to "26, Miscellaneous."
