*Proceedings of the Madras Government, Public Department,
3rd June 1870.*

No. 12. Read the following Extract from the Minutes of Proceedings of the Municipal Commissioners for the Town of Vellore, dated 10th May 1870.

* * *
The Government Order, relative to the construction of the market in the Town of Vellore, was read and taken into consideration.

The members are of opinion that the construction of the belfry to which Government have taken objection may be conveniently omitted. Agreed that a notice to that effect be served upon the Contractor Rungasawmy Moodelly.

Proposed by Mr. Beckett, and seconded by Veeraraghava Moodelliar Avergal, that partition walls between the stalls in the market be run up dividing the market into single and double stalls, as there would be better chance of the stalls being occupied than if no such walls existed, as security of the goods brought by them for sale would be the main point considered by the holders of the stalls.

Put to the meeting and carried *nem. con.* Agreed that the walls referred to be run up in the market on the side facing the Fort.
