Proceedings of the Madras Government, Public Department,
23rd June 1870.

No. 94. Read the following letter from the Officiating President of the Madras Municipal Commission, to the Chief Secretary to Government, Fort Saint George, dated Madras, 7th June 1870, G. No. 219 :—

In pursuance of Section 18 of the Madras Municipal Act of 1867, I have the honour to forward, herewith, a Statement of Receipts and Disbursements on account of this Municipality from the close of last year up the 30th of April last, together with Minutes of the Proceedings of the General Meeting held on the 30th ultimo, and at which the statement above referred to was approved of.

2. The statement of the cost of police employed in State services during the official years 1868-69 and 1869-70, forwarded with the Proceedings of Government, dated 14th April 1870, No. 474, Public Department, has had the consideration of the Commissioners, whose resolution thereupon is as follows :—

“ That Government be requested, with reference to their Proceedings in the Public Department, dated respectively the 21st of February 1866, No. 187, and 6th of February 1867, No. 126, to direct an early adjustment of account with respect to the Municipal contribution towards maintenance of police for the official years 1866-67, 1867-68, 1868-69, and 1869-70, and to relieve the Municipality from the charges incurred during the past four years in respect to the cost of police employed in State services as described in enclosure to Government Order, No. 474, of the 14th April 1870.”

I trust this Resolution may receive the favourable consideration of Government, more particularly in the matter of relieving this Municipality from the payment for police employed on exclusively State services. I believe that in Calcutta such charges are not borne by Municipal Funds, while in the Mofussil towns of this Presidency, the Municipalities are only debited with the cost of the Force employed on police duties proper, within the limits of each such town. Assuming that the cost of such services in the town of Madras was for 1866-67 and 1867-68 about equal to that of the two following years, for which accounts have been furnished, the remission solicited would amount to a moiety of the total for the four years, or about Rupees 20,000 ; and I would suggest that permission be granted to the President to recover the same by deductions from the future monthly payments on account of police, in such instalments as Government may deem proper. I need scarcely point out how much the action of this Commission is cramped by want of means, or remind Government of the costly work of drainage and others equally important which must be shortly undertaken. I can only assure them that any monetary concession, which they may be good enough to grant, will be most fully appreciated by the Commissioners, and expended to the best advantage to the public.

3. The Proceedings of Government, dated 4th May 1870, No. 553, and 11th May 1870, No. 592, Public Department, have been laid before the Commissioners ; and I would leave to the permanent incumbent of this office the selection of two Commissioners to join him in visiting the Lock-Hospitals.
