Not to be folded or roughly handled

Proceedings of the Madras Government, Public Department.

29th June 1870.

No. 126. Read the following letter from the Sanitary Commissioner for Madras, to the Chief Secretary to Government, Fort Saint George, dated Madras, 22nd June 1870, No. 674:—

With reference to Proceedings of Government, dated 4th June 1870, No. 717, I have the honour to state that the Annual Reports for 1869 are completed and in the Press.

2. The difficulty in getting these reports out earlier is that some particulars in regard to the invaliding of the British Army, and the sickness and mortality in particular arms of the British Service, are not available until June or July following the calendar year to which they refer. At the present time, I have sent off a portion of the report to the Press in anticipation of receiving from Inspector-General Hadaway the particulars referred to, so that no time may be lost.

3. The "Cholera Map," as suggested by the Secretary of State, is lithographed, and now-being coloured by hand. The explanatory report and appendices are completed, and in the hands of the printer. As the map is bulky, I propose to issue the Cholera Report separately from the Annual Sanitary Report, the subject being complete in itself.

No. 127. ORDER THEREON, 29th June 1870, No. 827.

Ordered that copies of the foregoing letter from the Sanitary Commissioner, and of the Proceedings of Government, dated the 4th instant, No. 717, be furnished to the Inspector-General of the British Medical Service, with a request that arrangements may be made for furnishing the Sanitary Commissioner with the information required for his Annual Report at an early date.

(True Extract.)

Under Secy. to Govt.

To the Inspector-General of the British Medical Service, with No. 717.
,, Sanitary Commissioner.

Exd. J. Wright.
