*Proceedings of the Madras Government, Public Department,
13th July 1870.*

No. 33. Read the following letter from the President of the Municipal Commission, Trichinopoly, to the Chief Secretary to Government, Fort Saint George, dated Trichinopoly, 14th June 1870, No. 3:—

With reference to the orders of Government, Public Department, dated the 16th ultimo, No. 616, paragraph 5, I have the honour to state that the new works therein adverted to, viz., "Conduit to Fort Tanks," is intended for the supplying of fresh water from the Wyacondah Channel to the Soondradass and other tanks used for drinking purposes.

2. I would also take this opportunity to state, with reference to paragraph 6 of the same order, that of the entire Police Force of the District (750), the maintenance of no less than one-fifth is at present chargeable on the Municipality. The Superintendent is, I believe, quite willing to dispense with the services of the Assistant Inspector now employed in the Municipality, and my own opinion is that, if the old police of the country were enlisted in the Force, and the Municipal Police retained for local employment *only*, the number of constables might be considerably reduced. Eighty Police peons was the number of police employed before the new system came into force.

No. 34. ORDER THEREON, 13th July 1870, No. 865.

The provision of Rupees 14,000 for a "Conduit to Fort Tanks, Rock Fort," appears to be on account of water supply, and the Government must, therefore, decline to contribute a portion of the cost, as the work is not within the scope of Section 25 of Act X. of 1865, (Madras.)

2. By the transfer of this item the State grant will be reduced from Rupees 20,520 to Rupees 17,020, and only Rupees 9500 will be available for expenditure on the conduit.

3. The Inspector-General of Police will expedite his report on the possibility of reducing the Town Police Force; and the Government will also be glad to have, at greater length, an expression of the views of the Acting Magistrate and Municipal Commissioners on the subject.
