Proceedings of the Madras Government, Public Department,
14th July 1870.

No. 39. Read the following letter from the Acting Inspector-General of Ordnance and Magazines, to the Chief Secretary to Government, Fort Saint George, dated Fort Saint George, 25th June 1870, No. 85-G. :—

Ordnance Department.]

With reference to Proceedings of Government, No. 1266, dated 9th November 1832, Public Department, directing the Postmaster to receive, from the Superintendent of Stationery, such small parcels of stationery as can be forwarded without inconvenience, and paragraph 4 of Proceedings of Government of 30th August 1834, requiring the Superintendent to certify, at the time of despatching consignments of stationery, that there was no opportunity of forwarding them in the manner directed above; I have the honour to bring to notice that, previous to the new Postal Rules, no actual money payment was required by the postal authorities, for the conveyance of parcels of stationery; but, according to the new Rules, all service parcels sent by banghy have to be prepaid; it appears by the annexed memorandum by the Superintendent of Stationery that the employment of the banghy post is expensive, and that other agency exists, by which parcels of stationery would be forwarded in some cases, at a charge thirtyfold less. I, therefore, beg to inquire whether the practice of despatching public parcels of stationery, in all possible cases, by banghy post is to be continued, or whether the cheaper agency be employed, except in cases of such stations as cannot be reached by this agency.
