Government of Madras.

Public **DEPARTMENT.**

G.O. No.	873	Press Mis.
Dated	14-7-	1870

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Department,

14th July 1870.

No. 47. Read the following letter from the President of the Municipal Commission, Combaconum, to the Chief Secretary to Government, Fort Saint George, dated Point Calimere, 21st June 1870, No. 99:—

I have the honour to report that two pieces of land, one in Madavarayan Tottam, and the other in Vanathurai called Ladappa Tottam, delineated in the two plans marked A. and B., herewith submitted, have been selected by the Municipal Commissioners of Combaconum, as proper sites for the construction of two latrines.

2. The owners* of these sites, who were served with notices to the above effect, object generally to their land being thus made use of, but give no substantial reasons for their objections. In accordance with the instructions contained in G. O., dated 16th June 1869, No. 816, I forward translations of the statements of the objections made by the owners.

3. As, in the opinion of the Commissioners, the construction of the latrines is essential to promote the convenience of the public, and as all attempts to obtain the land by private arrangements have failed, I have the honour to request that I may be furnished with declarations under Section 6 of Act X. of 1870, to the effect that the lands in question will be taken at the public expense, and for a public purpose. Two draft declarations are enclosed.

No. 48. ORDER THEREON, 14th July 1870, No. 873.

The Government are of opinion that there is considerable force in, at least, the objections urged by the owners of the piece of land in the plan marked A. They observe that the President does not state whether or not efforts have been made to obtain convenient sites for the latrines elsewhere, to the appropriation of which no objection would be made. He will now make inquiries on this point, and if it be still necessary to take the land now desired by the Commissioners, will again address Government on the subject.
