No. 112. Read the following letter from the Inspector-General of the Indian Medical Department, to the Chief Secretary to Government, Fort Saint George, dated Fort Saint George, 18th July 1870, No. 167:—

I have the honour, with reference to the Proceedings of Government, dated 15th January 1868, No. 47, to submit a copy of the 2nd edition of the “Elements of Hygiene,” by Mr. Danakoti Raju, M.B.

2. The work has been carefully revised and two new chapters added, and the author is sorry to find, that the additional matter has so enhanced the cost of publication, that it will be necessary to raise the price from three to eight annas per copy, the actual cost of printing and binding having amounted to about six annas per copy.

3. Under these circumstances, and as the former edition has been so appreciated, and the new matter in the present one is very favourably spoken of, I would respectfully recommend that Government may be pleased to purchase 1000 copies. I would also take the liberty of suggesting that perhaps the Director of Public Instruction might be able to utilize some of the copies as a text or prize book.

4. Telugu and Malayalam translations of it are also ready for the press, and I beg leave to bring these also to the notice of Government.

No. 113. ORDER THEREON, 20th July 1870, No. 922.

The Government will take 375 copies of the 2nd edition (Tamil) of the “Elements of Hygiene,” by Mr. Danakoti Raju, M.B.
