No. 63. Read the following letter from the Acting Inspector-General, Indian Medical Department, to the Chief Secretary to Government, Fort St. George, dated Fort St. George, 1st July 1871, No. 216:—

I have the honour to acknowledge receipt of the Proceedings of Government, No. 843, of 16th June 1871. In paragraphs 4 and 5, I am required to submit my opinion on the proposal to attach a 3rd Class Hospital Assistant to the Masulipatam Dispensary, in order to afford leisure to the 1st Class Hospital Assistant to practise out of doors.

2. I have the honour to submit to His Excellency the Governor in Council that, in my opinion, it is not necessary and is not advisable to comply with the municipal suggestions.

3. The work of this Dispensary is so slight, being only on the average six in-patients and thirty-seven out-patients, that the 1st Class Hospital Assistant has ample time at his disposal to attend to all the out-door patients to whom he will be summoned.

1867.....	8	31
1868.....	4	40
1869.....	3	44
1870.....	7	34
Average...	6	37

4. I have also the honour to mention that the strength of the Hospital Assistant Establishment is, this day, thirty-six below the proportion. This day, however, fifteen will pass out of College, but still leave twenty-one below the sanctioned number; and, as the wants of the Municipalities under the

recent Act will be hourly adding to the demands for this class of medical men, it is particularly desirable to husband the strength. At the present moment, also, Masulipatam has now one Commissioned Officer and one 1st Class Hospital Assistant, with but a small amount of work to do, and to add to the medical strength there seems unadvisable.

No. 64. ORDER THEREON, 8th July 1871, No. 1010.

Communicated to the President of the Municipal Commission, Masulipatam.

2. The Commissioners' desire to entertain an additional Hospital Assistant cannot now be complied with for the reasons given in paragraph 2 of the Inspector-General's letter.
