*Proceedings of the Madras Government, Public Department,
8th July 1871.*

No. 70. Read the following letter from the Secretary to the Government of India, Military Department, to the Secretary to Government, Military Department, Fort St. George, dated Simla, 9th June 1871, No. 198 :—

With reference to an application from Dr. King, the Chemical Examiner, forwarded, but without support by the Government of Madras, to the Government of India in the Home Department, transferred thence for disposal in this Department, praying that he may be granted an allowance of Rupees 200 per mensem for receiving and reviewing annually the results of the work of the analysts of potable waters in the Madras Presidency, on the ground that such an allowance is assigned to the Chemical Examiner in Calcutta, I am directed to acquaint you, for the information of the Right Honourable the Governor in Council, that the allowance in question is a personal one granted to Dr. Macnamara in compensation for a similar amount which he had voluntarily resigned on giving up the appointment of Medico-legal Examiner, to enable him to devote himself to the new duties imposed on him. The case of Dr. King is not, therefore, analogous to the one he cites in support of his claim.

2. Moreover, His Excellency in Council remarks, the duties of the Chemical Examiner, Calcutta, in connexion with the water analysis, are far more onerous than those which devolve on the Chemical Examiner of Madras, as the former receives and reviews the reports from all the analysts of the Bengal Presidency. In addition to arranging for the whole of the water analysis of the Bengal Presidency, receiving and checking all the reports and submitting them every few months with a report of his own, Dr. Macnamara conducts the examination of waters at stations near Calcutta, and in Calcutta itself, and reports on them.

3. Accordingly, the Right Honourable the Governor-General in Council does not, I am to state, consider it necessary to incur the additional expenditure which the grant of the allowance to Dr. King would involve.

Transferred to the Public Department.

To
The Secretary to Government,
Fort St George
Military Department,

Sir,

With reference to an application from D^r King, the Chemical Examiner, forwarded, but without support by the Government of Madras, to the Government of India in the Home Department, transferred thence for disposal in this Department, praying that he may be granted an allowance of Rs 200 per mensem for receiving and reviewing annually the results of the work of the analysts of potable waters in the Madras Presidency, on the ground that such an allowance is assigned to the Chemical Examiner in Calcutta, I am directed to acquaint you for the information of

the Right Honble the Governor in Council,
that the allowance in question is a
personal one granted to Dr Macnamara
in compensation for a similar amount
which he had voluntarily resigned on
giving up the appointment of Medico-
legal Examiner, to enable him to devote
himself to the new duties imposed on
him. The case of Dr King is not
therefore analogous to the one he cites
in support of his claim.

2 Moreover, His Excellency in Council
remarks, the duties of the Chemical
Examiner, Calcutta, in connection with
the Water Analysis, are far more onerous
than those which devolve on the Chemical
Examiner of Madras, as the former receives
and reviews the reports from all the
analysts of the Bengal Presidency. In
addition to arranging for the whole
of the water analysis of the Bengal
Presidency, receiving and checking all

the reports and submitting them every
few months with a report of his own,
Dr Macnamara conducts the examin-
ation of waters at Stations near Calcutta,
and in Calcutta itself and reports on
them.

3. Accordingly, the Right Honble the
Governor General in Council does not, I
am to state, consider it necessary to
incure the additional expenditure which
the grant of the allowance to Dr King
would involve.
